LIFE COVER

Life benefit amount	<p>Fixed sum insured (up to \$1 million)</p> <p>Amount of cover is outlined in the policy schedule and is usually the amount of the ANZ home loan at the time the policy was purchased. If the Life Benefit amount is more than the outstanding balance, the difference will be paid to the estate or surviving policyholder.</p> <p>Example: Customer's outstanding loan balance when the policy was purchased five years ago was \$750,000. Today, the customer's outstanding loan balance is \$600,000.</p> <p>MPI will provide cover for \$750,000.</p>	<p>Floating cover amount (up to \$1 million)</p> <p>Amount of cover will match the ANZ home loan balance so that it can pay the total outstanding balance of the ANZ home loan.* This means that as the home loan balance decreases (or increases) each month, so does the Life Benefit.</p> <p>Example: Customer's outstanding loan balance when the policy was purchased five years ago was \$750,000. Today, the customer's outstanding loan balance is \$600,000.</p> <p>HLP will provide cover for \$600,000.</p> <p><small>*Cover is capped at \$1 million per policy.</small></p>

KEY POLICY TERMS

Loan balance to be eligible to apply for cover	N/A – no longer available	<p>Loan balance between \$30,000 and \$1 million.</p> <p>Other eligibility requirements apply see the HLP Product Disclosure Statement and Policy (PDS) for more information.</p>
Policy period	5 Years (with the option to renew the policy at the end of the 5 year term)	The same term as the ANZ home loan of up to 30 years
Expiry age	65 Years Old	67 Years Old
Premium waivers	None	Premium waivers while on claim
Grief counselling	None	Customers may receive up to \$1,200 per policy for grief counselling (on a terminal illness or death claim)
Premium payable each month	The monthly premium is calculated using the ANZ loan amount and ANZ loan repayment amounts on the policy commencement date.	We use the current ANZ loan amount and ANZ loan repayment amount to calculate the monthly premium. The calculation of the premium will occur as close to the monthly premium payment date as possible so that the premium is adjusted to match the changes in cover.

	ANZ MORTGAGE PROTECTION INSURANCE (MPI) (No longer available)	ANZ HOME LOAN PROTECTION (HLP) (Available)
Loan top ups	Cover generally ends when a customer 'tops up' their ANZ home loan with additional borrowing – for example if a customer borrows more funds.	The ANZ loan number is linked to the policy and the policy will continue if a customer 'tops up' their loan with additional borrowing. There are exceptions to this rule. For example, the policy will end if the loan is cancelled or closed. Please refer to the PDS which describes when the policy can end. Where the loan top up takes the outstanding loan balance above \$1m, the Life Benefit will be capped at \$1m.
Replacement cover	Not available	A new HLP policy will be treated as a 'replacement policy' if it is purchased within 10 business days of the original MPI policy ending (this includes MPI policies which have cancelled as part of a recent loan renewal or restructure). Cover starts on the date the application is accepted. If the replacement policy has the same benefit and policy holder that was on the original policy, the policy commencement date of the original policy will be used to assess: qualifying periods, pre-existing medical conditions, any intentionally self-inflicted injury (including suicide). See the HLP PDS for more information about how replacement policies are treated.
