The SG rate is 9% and will be increasing to 9.25% in 2013/14 and rise progressively to 12% by 2019/20. It has also been legislated that the SG age limit of 70 will be removed from 1 July 2013, and employers need to contribute to complying super funds of eligible employees aged 70 and older.

Increase in concessional contributions caps

A higher concessional contributions cap of \$35,000 (non-indexed) has been legislated from 1 July 2013 for people aged 60 and over.

Changes to Lost Member reporting and payments

It is important for you to keep your contact details updated and keep your account active, so that you do not become 'lost'. Generally, a member is classified 'lost' if:

- no contribution or rollover has been received in the last 12 months and we cannot contact them, or
- no contribution or rollover has been received in the last five years.

Additionally, we are required to transfer lost member accounts to the ATO if:

- the account balance is less than \$2,000 or
- we have insufficient records to pay an amount to the member.

The Government has proposed to increase the account balance threshold to \$2,500 from 31 December 2015 and \$3,000 from 31 December 2016. We will provide more details as they become available.

Member Protection

The Member Protection legislation ceased to exist on 1 July 2013. However, the trustee may, at its discretion, continue to protect member balances and has decided to do so until further notice in line with the former Member Protection rules. Further information will be made available via the relevant Product Update at anz.com

Proposed change

Deeming rules for account-based pensions

From 1 January 2015, the social security deeming rules applying to financial investments are proposed to apply to certain account based pensions (including Transition to Retirement Pensions).

'Grandfathering rules' will apply for account based pensions started before 1 January 2015 that are held by existing pensioners, allowees and low income health card holders as at 1 January 2015. These income streams will be assessed under the existing rules, that is, the annual payment less the social security deductible amount.
