## BALANCE TRANSFER APPLICATION

### APPLYING FOR A BALANCE TRANSFER

Please ensure the information you provide is accurate, as otherwise the Balance Transfer may not work or you could end up transferring a balance from an incorrect account.

**Note:** ANZ will only be able to facilitate a Balance Transfer if your bank or financial institution accepts BPAY or cheque payment.

Before applying for a balance transfer:

**1. Check your card limit**

Before you request your Balance Transfer, it's good to check that you have available limit on your card to cover the amount being transferred.

**2. Confirm the balance transfer promo code**

If applying for an existing card offer, ensure the correct promo code has been added. If the promo code is not included in the application form, then the standard balance transfer rate may apply. ANZ Balance Transfer offers are available to view at [anz.com](https://anz.com).

**3. How long does it take to process a balance transfer**

The Balance Transfer(s) will be processed automatically (usually within 3-15 business days). We may contact you to verify any details.

**4. Confirm if a fee is applicable to the offer**

A Balance Transfer Fee is a one off fee that may be charged on any promotional rate balance transfer offer that you apply and are approved for.

The Balance Transfer Fee will be calculated as a percentage of the balance being transferred to your ANZ credit card account. Where such fee is applicable, this will be identified in the terms and conditions relating to the promotional balance transfer offer.

**5. Do I earn ANZ Reward or Qantas Points**

No, ANZ Reward or Qantas Points are not earned on balances transferred.
