

ANZ with Garmin Pay Terms and Conditions

Version: 1.0

Dated: 6 December 2017

1. These terms

These terms and conditions apply when:

- you add an ANZ Card for use in Garmin Pay to an eligible Garmin Device, or
- an Additional Cardholder adds an ANZ Card linked to your account for use in Garmin Pay on their eligible Garmin Device.

These terms apply in addition to the Account Terms associated with each ANZ Card. References in the Account Terms to Mobile Banking include use of Garmin Pay in relation to an ANZ Card. Where inconsistent with the Account Terms, these terms apply.

It is important that you read these terms and the Account Terms together.

2. Adding and removing an ANZ Card

You can add an ANZ Card to Garmin Pay on your eligible Garmin Device and any Additional Cardholder can add an ANZ Card to the Additional Cardholder's eligible Garmin Device, provided that:

- we can verify your or the Additional Cardholder's identity;
- if you are not the sole account holder, each account holder has agreed to the ANZ Card being added to the relevant cardholder's eligible Garmin Device; and
- the account is in good standing.

To add or remove your ANZ Card from Garmin Pay, you must have blue tooth enabled on your Mobile Device and Garmin Device, your Garmin Device must be paired to your Mobile Device and your Mobile Device must be within range of a cellular or wireless internet connection.

You can remove your ANZ Card from Garmin Pay at any time and an Additional Cardholder can remove their ANZ card linked to your account from Garmin Pay at any time. You can suspend or cancel any ANZ Card linked to your account at any time.

Instructions on how to add an ANZ Card to Garmin Pay, or remove one, are set out at www.anz.com

3. Using your ANZ Card with Garmin Pay

Once an ANZ Card is added to Garmin Pay, the cardholder can use Garmin Pay on their eligible Garmin device to authorise transactions on an account. This is done by using the relevant Garmin Device in place of an ANZ Card at a compatible contactless payment terminal for in person point of sale transactions. To authorise a Garmin Pay payment at a compatible contactless payment terminal the cardholder is required to initiate Garmin Pay on their Garmin Device (eg. by opening Garmin Pay) before presenting their eligible Garmin Device at the contactless payment terminal. The eligible Garmin Device must be active (i.e., the cardholder must have entered the Garmin Device Passcode into the Garmin Device at some point before attempting the transaction) at the time it is presented for payment at the contactless payment terminal. The cardholder may be prompted to enter their Garmin Device Passcode.

Your ANZ Card must be displayed in Garmin Pay on your Garmin Device at the time you present the Garmin Device at the compatible contactless payment terminal in order for Garmin Pay to use that ANZ Card in making a transaction.

Garmin Pay functionality may be impacted if the Mobile Device is not within range of a cellular or wireless internet connection or if the Garmin Device and Mobile Device are not paired and if the Mobile Device has not had a cellular or wireless internet connection or the Garmin Device and Mobile Device have not been paired for an extended period of time there may be a delay in time before full Garmin Pay functionality is restored once reconnected.

Depending on the value of the transaction, contactless payment terminals may require the cardholder to enter the ANZ Card PIN at the contactless payment terminal.

4. Security and your liability

Any person who has access to a Garmin Device on which an ANZ Card is registered may be able to make transactions using an ANZ Card registered in Garmin Pay on the Garmin Device and any person who has access to a Mobile Device may be able to access confidential payment information on that device.

If an ANZ Card linked to your account is registered in Garmin Pay you are responsible for ensuring that:

- where applicable, only the cardholder's biometric identifier (including a fingerprint) is registered on the Mobile Device or Garmin Device (and no other person's biometric identifier is registered);
- the Garmin Pay wallet is not shared with anyone and is used only by the cardholder;
- each cardholder keeps the Passcode for the cardholder's Mobile Device and the Garmin Device secure in the same way as a cardholder would a banking password or PIN secure, including by:
 - not sharing it with anyone,
 - not carrying a record of it with a Garmin Device, Mobile Device, or anything liable to be stolen with a Garmin Device or Mobile Device (unless a reasonable effort is made to protect the security of it);
 - not choosing an easily guessable Passcode such as the cardholder's date of birth or a recognisable part of the cardholder's name; and
 - not acting with extreme carelessness in failing to protect the security of the Passcode.
- the cardholder keeps the Garmin Device and Mobile Device safe and secure (including by locking the Mobile Device when not in use or when it is unattended and by installing up-to-date anti-virus software on it);
- the cardholder removes any ANZ Cards from the cardholder's Garmin Device and Mobile Device before disposing of the Garmin Device or Mobile Device;
- the cardholder does not leave the Garmin Device or Mobile Device unattended; and
- the cardholder takes all other necessary steps to prevent unauthorised use of the Garmin Device, Mobile Device or Garmin Pay.

If a cardholder fails to comply with any of the requirements in this clause 4 which results in, or contributes to the cause of, any transaction, you are taken to have **authorised** that transaction on your account.

This means that any Garmin Pay transaction initiated by that person in these circumstances will be **authorised** by you and the Account Terms which deal with unauthorised transactions will not apply.

WARNING: this could result in significant loss or liability in relation to such transactions.

Where applicable, if another person's biometric identifier is registered on your Mobile Device, Garmin Device or the Mobile Device or Garmin Device of an Additional Cardholder you must ensure that it is removed. If you or an Additional Cardholder think another person knows the Passcode for the Mobile Device or the Garmin Device, you must ensure that the Passcode(s) is changed by you or the Additional Cardholder, as applicable. At any time, you can delete or suspend your ANZ Card from Garmin Pay and any Additional Cardholder can delete or suspend their ANZ Card from Garmin Pay.

You cannot suspend the use of an Additional Cardholder's ANZ Card in Garmin Pay, but you can suspend or close the ANZ Card of the Additional Cardholder by calling 1800 033 844 (24 hours a day).

Please call us immediately on 1800 033 844 (24 hours a day) if:

- any Garmin Device on which an ANZ Card linked to your account has been added to Garmin Pay or your Mobile Device is lost or stolen;
- the mobile service of any Mobile Device is suddenly disconnected without your permission (which may indicate the occurrence of mobile phone porting); or
- you or an Additional Cardholder suspect a security breach in relation to any Mobile Device, or any Garmin Device on which an ANZ Card linked to your account has been added to Garmin Pay, or that an unauthorised person has used the Passcode for your Mobile Device or Garmin Device, or other credentials to access Garmin Pay.

Based on your report, we will suspend use of the relevant ANZ Card with Garmin Pay. This helps protect you as much as possible from additional loss or liability. ANZ warrants that it will comply with the ePayments Code.

More terms which affect your liability in relation to transactions are set out in the Account Terms.

In the Account Terms which impose, or otherwise deal with, liability for unauthorised transactions (as set out in the 'Electronic Banking Conditions of Use'):

- each reference to a 'password' or 'PIN' includes a reference to the Passcode for your Mobile Device and Garmin Device;
- each reference to a 'Security Requirement' includes the requirement to keep the Passcode for your Mobile Device Passcode and Garmin Device secure as described above; and
- each reference to a lost or stolen card includes a lost or stolen Garmin Device, or Mobile Device with all necessary modification, notwithstanding that ANZ does not issue your Garmin Device or Mobile Device to you (or the associated Passcode or other credentials used to access Garmin Pay), and noting that, where applicable, if another person's biometric identifier is registered on your Mobile Device or Garmin Device, any transaction conducted by them is not an unauthorised transaction.

Generally, subject to protections under the ePayments Code described in those terms, you are liable for unauthorised transactions conducted using Garmin Pay.

If a cardholder no longer wishes to use an ANZ Card with Garmin Pay on a particular Garmin Device that card has been added to, the cardholder can delete the ANZ Card from Garmin Pay using the Garmin Connect Mobile App on a paired Mobile Device.

If a cardholder no longer wishes an ANZ Card to be used with Garmin Pay on any Garmin Device that card has been added to they should ensure the ANZ Card is deleted from Garmin Pay on each Garmin Device the ANZ Card has been added to.

If a cardholder no longer wishes to use any card added to Garmin Pay with Garmin Pay they can:

- remove the relevant cards from the Garmin device and delete or uninstall the Garmin Connect Mobile App on their paired Mobile Device; or
- restore defaults on the Garmin Device and delete or uninstall the Garmin Connect Mobile App on their paired Mobile Device.

5. Fees and Charges

The Account Terms describe the fees and charges which apply to each relevant account. ANZ does not charge you any additional fees for adding or using an ANZ Card with Garmin Pay. You are responsible for all third party charges associated with the use of Garmin Pay (such as carriage or mobile data charges).

6. Suspension and termination of Garmin Pay

ANZ may block, suspend or terminate an ANZ Card in Garmin Pay:

- if ANZ reasonably suspects fraud;
- if an ANZ Card is cancelled, blocked or suspended;
- if you are in default under the Account Terms or these terms;
- if required by applicable laws (such as anti-money laundering and counter terrorism financing laws, or sanctions laws);
- if directed to so by Garmin or by the applicable card network (for example, in circumstances of suspected fraud);
- if ANZ's arrangements with Garmin regarding Garmin Pay cease or are suspended; or
- for any other reason.

More circumstances in which electronic access may be removed in relation to your ANZ Card (including through Garmin Pay) are set out in the Account Terms.

7. Data Collection and privacy

ANZ may collect information relating to any Garmin Device or Mobile Device (including app version, device type and model, operating system and security information) and information from Garmin and Garmin's service provider (e.g., FitPay):

- to ensure that any ANZ Card properly functions in Garmin Pay;
- for security purposes and to identify fraud;
- for ANZ to better provide assistance to you and any Additional Cardholder; and
- to tell you about other products or services that may be of interest to you.

We may also exchange information with Garmin, Garmin's service provider (e.g., FitPay) and ANZ service providers:

- to enable the use of the ANZ Card with Garmin Pay and to improve and promote Garmin Pay generally; and
- to detect and address suspected security breaches or fraud.

If you, or an Additional Cardholder, do not want us to collect or disclose this information in relation to an ANZ Card as described above, the ANZ Card should not be registered for use in Garmin Pay. If you do not want to receive marketing information, phone 13 13 14.

The Account Terms and ANZ's Privacy Policy (www.anz.com/privacy) contain more general information about our collection and handling of your information.

Once an ANZ Card is registered to a Mobile Device or Garmin Device, Garmin's service provider (e.g., FitPay) and Garmin may access personal information regarding the use of that ANZ Card through Garmin Pay. Please see Garmin's privacy notice at www.Garmin.com and FitPay's privacy notice at www.fit-pay.com/privacy-policy/.

8. Garmin Pay provided by Garmin and Garmin's service provider

Garmin Devices are provided by Garmin, not ANZ. Garmin Pay is provided by Garmin and its service provider (e.g., FitPay), not by ANZ. Mobile Devices used to access Garmin Pay are also not provided by ANZ.

ANZ's obligation to you in relation to the functionality of Garmin Pay is limited to securely supplying information to Garmin's service provider (e.g., FitPay) in order to allow the use of an eligible ANZ Card through Garmin Pay.

We are not otherwise liable for the use, functionality or availability of Garmin Pay, any Garmin Device, Mobile Device, the availability of compatible contactless readers at merchant locations, or a reduced level of service caused by the failure of third party communications and network providers (except to the extent that we are deemed liable under the ePayments Code).

You and any Additional Cardholder will need to agree to Garmin's and Garmin's service provider's (e.g., FitPay's) terms and conditions in order to use Garmin Pay.

9. ANZ Liability

ANZ will not be liable for any loss arising from your use of Garmin Pay to the extent the loss was caused by:

- your fraud; or
- your use of Garmin Pay or the Garmin Device or Mobile Device in a manner not permitted by Garmin or the Mobile Device manufacturer; or
- subject to your rights under the ePayments Code, a reduced level of service caused by matters beyond our reasonable control (for example, those caused by third party software and network providers).

10. Changes to these terms

ANZ can change these terms by giving you notice as described below. Such changes will not increase your liability for transactions already conducted in relation to the use of an ANZ Card in Garmin Pay.

ANZ may make changes required to immediately restore or maintain the security of a system or individual facility without prior notice. We will notify you of such changes as soon as practicable.

Otherwise, ANZ will give you 30 days' prior written notice of any changes which:

- impose or increase our charges relating solely to the use of your ANZ Card in Garmin Pay;
- increase your liability for losses relating to transactions conducted using your ANZ Card in Garmin Pay; or

- impose, remove or change your daily transaction limit or other periodical transaction limit applying to the use of your ANZ Card in Garmin Pay.

ANZ may make any other changes to the terms applying to the use of your ANZ Card in Garmin Pay by notifying you before the change takes place.

Notice may be given by letter or by electronic means as set out in clause 11 below. If your ANZ Card is a consumer credit card or debit card, we may also provide you with notice in a manner permitted under the national consumer credit legislation and the Account Terms, which may include public notice in an Australian national paper.

The current terms will always be available for you to view at www.anz.com.

11. Communication via SMS or Garmin Pay

Without limiting any other means of communicating with you under the Account Terms, we may communicate with you by sending an SMS to your Mobile Device, an email to the email address you have provided to us or by writing to you at the address you have provided to us. The SMS or notice may include a link to detailed information on our website.

12. Severability and governing law

If any provision or part of a provision of these terms is illegal, invalid or unenforceable, it will be severed from these terms and the remaining provisions (or parts of provisions) will continue in full force and effect.

These terms are governed by the law of Victoria, Australia and you and ANZ agree to submit to the exclusive jurisdiction of the courts of that State.

13. Meanings of words

In these terms:

- **'Account Terms'** mean the terms and conditions of each credit card or savings or transaction account associated with an ANZ Card registered on a Garmin Device.
- **'Additional Cardholder'** means the holder, other than you, of an ANZ Card linked to your account (including, for the avoidance of doubt, any additional cardholder, any commercial credit card cardholder any authorised third party signatory or any joint account holder).
- **'ANZ', 'we' or 'us'** means Australia and New Zealand Banking Group Limited ABN 11 005 357 522 and its successors and assigns, and **'our'** has a corresponding meaning.
- **'ANZ Card'** means an ANZ credit or debit card as listed on www.anz.com which is not expired, blocked, suspended or cancelled.
- **'Passcode'** means anything required to unlock a mobile Device, including a password, passcode, pattern or biometric identifier (where applicable).
- **'PIN'** means personal identification number.
- **'FitPay'** is a trademark of and means Fit Pay Inc and includes its related bodies corporate and affiliates.
- **'Garmin'** is a trademarks of Garmin Ltd. or its subsidiaries and are registered in one or more countries, including the U.S..
- **'Garmin Device'** means a wearable Garmin device, which ANZ determines is eligible for the registration of ANZ Cards to be used in Garmin Pay.
- **'Mobile Device'** means a device such as a smartphone or tablet using an eligible operating system, which is used to register ANZ Cards for use with Garmin Pay and on which the digital wallet functionality of Garmin Pay is registered.
- **'Garmin Connect Mobile App'** means the Mobile Device application used to register ANZ Cards for use within Garmin Pay.
- **'Garmin Pay'** means the mobile payment and digital wallet service created by Garmin that lets users make payments using certain Garmin Devices and credit cards or debit cards registered on such Garmin Devices.

- **"you"** means the account holder of the account related to the ANZ Card which has been added to the Garmin Pay wallet.

14. Trademarks

Garmin, the Garmin logo, and the Garmin delta are trademarks of Garmin Ltd. or its subsidiaries and are registered in one or more countries, including the U.S.. Garmin Pay is a trademark of Garmin Ltd. or its subsidiaries.

FitPay is a trademark or registered trademark of Fit Pay Inc.
