

Investment Option Summary

ANZ Smart Choice - Australian Equities

30 September 2018

Description

This investment option is designed for investors who want to invest with a high level of risk. This investment option invests in the Australian share market.

Investment return objective

This investment option seeks to match the return of the S&P/ASX 300 Total Return Index (including income and capital appreciation) less fees, charges and taxes.

Investment strategy

This investment option has an exposure to most of the shares in the index, allowing for individual share weightings to vary marginally from the index from time to time. The portfolio may invest in securities that have been or are expected to be included in the index. Derivatives are not used to leverage the portfolio.
