

Investment Option Summary

ANZ Smart Choice - Moderate

30 September 2018

Description

This investment option is designed for investors who want to invest over the medium term with a medium level of risk. It invests in a mix of defensive and growth assets.

Investment return objective

This investment option aims to achieve returns (after fees, charges and taxes) that on average exceed inflation by at least 2% p.a.[#], over rolling 10 year periods.

Investment strategy

This investment option will invest in a combination of defensive and growth asset classes. The allocation to defensive assets will range between 35-65% of the portfolio with a neutral allocation of 50%. The allocation to growth assets will range from 35-65% with a neutral allocation of 50%. Additionally, an active asset allocation process is utilised to increase or decrease your exposure to relevant asset classes within permitted ranges. This process is designed to optimise your investment performance by adjusting allocations to markets/asset classes which we believe will perform strongly or poorly in the future.
