

# Investment Option Summary

## ANZ Smart Choice Super - Tyndall Blue Chip Imputation

31 March 2023

### Description

This investment option is suitable for investors seeking higher long-term returns and income through investing in the Australian equity market with a strong bias towards income-producing shares.

### Investment return objective

This investment option aims to outperform the gross return of the S&P/ASX 100 Total Return Index (before investment fees and taxes) over rolling five year periods. This investment option also targets a gross dividend yield, including franking credits that exceeds the gross dividend yield of the benchmark, including franking credits.

### Investment strategy

Invests predominantly in a diversified portfolio of Australian companies which provide a relatively high level of franked income, and have been selected in accordance with a disciplined Australian shares investment process.

### Minimum time horizon

5 years

### Inception date

25 May 2015

Fund Code: MMF2177AU
