

# Investment Option Summary

## ANZ Smart Choice MultiSeries 30

31 March 2023

### Description

The fund is suitable for investors seeking exposure to a diversified range of asset classes and a mix of managers and who can accept some variability of returns.

### Investment return objective

To provide stable returns over the medium term by investing in a diversified portfolio of mostly defensive assets with some growth asset exposure and to achieve total returns after fees in excess of the benchmark over a rolling three-year period.

### Investment strategy

The fund gains its exposure to a diversified portfolio of investments through a mix of investment managers.

The conservative nature of the fund provides a greater exposure to defensive assets, such as fixed interest and cash with a moderate exposure to growth assets, such as property, Australian and international shares and alternative assets.

A mix of passive, factor-based and active investment managers may be selected to manage the assets of the fund providing differing yet complementary investment styles to achieve more consistent excess returns.
