Investing your money

When you invest in a product within the Fund (except ANZ Superannuation Savings Account), you can invest in a number of different investment funds. The investment funds you have selected are outlined on your Annual Statement. This Annual Report details how the Fund and your investment in the Fund is managed and how all investment funds in the products listed on the cover have performed (investment return) in the last financial year.

When selecting investment funds, you need to consider how long you wish to invest your money and the level of risk you are prepared to accept. In general, investments with the potential to earn higher returns (e.g. shares) carry the highest risk. Not only will the rate of return go up and down, but the value of your investment (the capital value) can also rise and fall. For investments that generally earn lower returns (e.g. cash), the capital value is less likely to fluctuate.

You may switch all or part of your existing account balance between investment funds within the Fund.

Please note that transaction cost factors and a fee may apply upon switching.

Trustee's investment objectives and strategy

The Fund's investment objectives are to:

- invest all contributions either through a master life insurance policy issued by OnePath Life or directly
- offer you a range of individual investment strategies, depending on the product (see 'Individual investment fund objectives and strategies' on the next page), that invest in different types of assets, so that you may be able to achieve returns consistent with your risk tolerance
- invest in investment strategies as directed by members across a risk profile spectrum through life insurance policies and registered managed investment schemes managed by external fund managers.

The investment strategy of the Trustee, with the exception of ANZ Smart Choice Super and Pension, is to implement its investment objectives by investing all contributions in a master life insurance policy issued by OnePath Life, which then invests in members' selected investment funds (which either you, your employer or the Trustee have nominated) or through registered managed investment schemes managed by external fund managers.

In order to meet the Fund's investment objectives, the Trustee offers a variety of categories of investments, being:

- defensive strategy
- conservative strategy
- moderate strategy
- growth strategy
- high growth strategy
- alternative investments.

Members with a Defined Benefit component should note that investment choice is not available in respect of their Defined Benefit component and accordingly, members are unable to nominate their own personal investment strategy or switch in respect of their Defined Benefit component.

The Trustee takes into account its objectives and the requirements of superannuation law and relevant regulatory guidelines for any new investments proposed for the Fund.

Some key considerations undertaken by the Trustee in assessing investments prior to making them available to investors include:

- **Risk and return** – key risks addressed in assessing and monitoring investments include market risk, operational risk, possible conflicts of interest, leverage risk, liquidity risk and credit default risk.
- **Diversification** – diversification of an investment is analysed as a useful risk mitigation tool. Alternatively, a lack of diversification will raise concerns for the Trustee in relation to the investments' ability to distribute and control risk and minimise the variability of investment returns. It may involve spreading investments over a number of individual assets, classes, countries or investment managers.
- **Liquidity** – the Trustee considers liquidity of investments during its assessment of them. This recognises the Trustee's requirements to pay expenses, tax and benefits when they become due and accounting for circumstances beyond its control.

Individual investment fund objectives and strategies

Over time, fund managers can make changes to investment funds they manage. New investment funds can be offered and other investment funds can be closed to new investors.

ANZ Smart Choice Super and Pension

Members of ANZ Smart Choice Super and Pension are offered a range of 'Lifestage investments' or 'Choose your own investment mix'. Details of the current investment objectives and strategies of all the ANZ Smart Choice Super and Pension investment options can be found in the 11 November 2013 Product Disclosure Statement (PDS).

The investment strategy for ANZ Smart Choice Super and Pension differs depending on the selection of lifestage investments or a range of multi-asset or single-asset class options, known as 'choose your own investment mix'. Lifestage options provide exposure to a mix of growth and defensive assets classes and will be automatically adjusted, becoming more conservative over time. The 'choose your own investment mix' options offer a range of diversified and sector-specific asset classes based on benchmark asset allocations and exposure to the relative underlying indices. In addition, both lifestage and some 'choose your own investment mix' options may utilise an active asset allocation designed to optimise investment performance by adjusting asset allocations within permitted ranges. Derivatives are not utilised to leverage the portfolio.

Investment value – allocation of net earnings

ANZ OneAnswer, ANZ Allocated Pension, ANZ Super Advantage, ANZ Personal Superannuation Bond and ANZ Direct Super Investments

All investment funds issue units, with each unit representing a share of the underlying assets. The value of the units will vary depending on the value of the assets of the relevant investment fund. Your investment balance is the number of units you hold in the investment fund multiplied by the unit price. The net investment earnings (after deduction of management fees and taxes) are reflected by changes in the unit price. The value of your units may rise or fall.

In relation to investments in OnePath Capital Guaranteed and ANZ Capital Guaranteed, the unit price may be subject to a capital guarantee.

ANZ Traditional Policies, ANZ Savings Products and ANZ Term Life Policies

All investment funds issue units, with each unit representing a share of the underlying assets. The value of the units will vary depending on the value of the assets of the relevant fund. Your investment balance is the number of units you hold, multiplied by the unit price. The net investment earnings (after deduction of management fees and taxes) are reflected by changes in the unit price. The value of your units may rise or fall.

In relation to investments in OnePath Capital Guaranteed and ANZ Capital Guaranteed, the unit price may be subject to a limited guarantee/capital guarantee.

Further, if you are invested in ANZ Capital Guaranteed, interest is calculated daily on the balance of your account, which is then credited at the applicable declared rate at 30 June each year, or on exit from this fund. Interest on contributions is paid with effect from the 16th of the month in which the premium falls due.

ANZ Superannuation Savings Account members

Interest is calculated on the daily balance of your account and is credited quarterly before making any allowance for tax. The interest rate is determined by OnePath Life and the current rate is available by calling Customer Services.

The interest rate is derived from the gross earnings of ANZ Superannuation Savings Account, which are calculated on a regular basis as the sum of:

- the interest earned
- the distribution of profits and losses arising from the sale of assets spread over no more than two years
- transfers to the Equalisation Reserves.

Equalisation Reserves are maintained so that all investment proceeds (after allowable deductions) are ultimately distributed to policies. The reserves as at OnePath Life's balance date each year will be (and for the past year have been) distributed over the following 12 months by way of equal daily transfers. The Equalisation Reserves form part of the master policy issued by OnePath Life.

The interest rate is calculated to distribute all the investment earnings to members after deducting fees, charges and transfers from the Equalisation Reserve.

Your earnings are taxed at a maximum rate of 15% on ANZ Superannuation Savings Account's gross earnings.

Investment performance

The investment returns tables on pages 11 to 53 show the historical yearly returns for the last five years or for the years since a fund's inception (where the investment fund has not existed for the full five-year period) and the five year and 10 year returns (after management fees and taxes) for each investment fund.

The investment returns tables on page 51 show the five year and ten year annualised returns and the annual rate of investment return for ANZ Superannuation Savings Account (after management fees and taxes).

Please note that past performance is not indicative of future performance.

To see how your investment is performing, you can register for investor access by calling Customer Services or simply visit anz.com at any time.

Derivatives

ANZ OneAnswer, ANZ Super Advantage, ANZ Allocated Pension, ANZ Personal Superannuation Bond, ANZ Direct Super Investments, ANZ Traditional Policies, ANZ Savings Products and ANZ Term Life Policies members

Some investment funds offered through the Fund may invest in derivatives, such as futures and options, in order to gain exposure to investment markets and to manage the risks associated with market price, interest rate and currency fluctuations. Except where specifically approved by the 'Investment Mandate' for that particular investment fund, derivatives will not be used to gear an investment fund's assets or for speculative purposes.

ANZ Superannuation Savings Account members

Due to the nature of investments in the ANZ Superannuation Savings Account, this product does not currently invest in derivatives.

Reserves

The Trust Deed of the Fund allows it to maintain reserves. Currently, the Fund maintains a reserve that includes permanent tax differences which have not been allocated to members.

Monies held by the Fund as a reserve are invested by the Trustee in an interest bearing bank account.

The reserve balance is as follows:

	2013 \$'000	2012 \$'000	2011 \$'000
Amount at the start of the year	3,722	2,122	1,462
Transfers to reserve and interest earned	1,793	1,600	660
Amount at the end of the year	5,515	3,722	2,122

Prior to FY2013, the reserve balance was held outside of the OnePath MasterFund.

The trustee of the Fund is OnePath Custodians Pty Limited. The Trustee meets solvency and capital requirements and has indemnity insurance cover in respect of its trusteeship of the Fund.

Policy committee

ANZ Super Advantage and ANZ Superannuation Savings Account members

The Trustee is required to make reasonable attempts to establish a policy committee in one of the following circumstances:

- Where an employer pays contributions into the plan on behalf of more than 49 of its employees.
- Where an employer pays contributions into the plan on behalf of less than 49 of its employees, and five or more of these members write to the Trustee requesting that a policy committee be established.

Your employer plan's policy committee should:

- meet at least once a year to consider issues about the superannuation plan
- provide the Trustee with feedback and make recommendations about the operation of the plan.

The committee must include an equal number of employer and employee representative members.

Your Annual Statement will include details of your policy committee (if any) and the names of the policy committee representatives.

OnePath will only seek to recover policy committee costs in certain circumstances from you, if applicable.

For more information on policy committees and how members are appointed, please visit anz.com (ANZ Super Advantage members) or call Customer Services.

Unit pricing policy

There are many factors used to calculate a unit price including asset valuations, liabilities, debtors, the number of units on issue and transaction costs.

Whilst the Trustee has procedures in place to check the accuracy of unit prices, errors do sometimes occur. Errors occur for a number of reasons including incorrect valuations, estimates or delays from third parties.

We generally use a variance of 0.30% (0.05% for a cash investment option) in the unit price before correcting the unit pricing error.

If a unit pricing error is greater than or equal to these variances, we will:

- compensate your account balance if you have transacted on the incorrect unit price or make other adjustments as we may consider appropriate
- where your account is closed, send you a payment if the amount of the adjustment is more than \$20, or
- if we are not able to contact you, the Trustee, acting in members' interests, will deal with unallocated as permitted under the Fund's Trust Deed and any relevant superannuation law.

These tolerance levels are consistent with regulatory practice guidelines and industry standards. In some cases, we may compensate where the unit pricing error is less than the tolerance levels.

Other information

Insurance Premiums

ANZ Term Life Policies members

As you have chosen to pay your insurance premiums as a superannuation contribution, your life insurance policy benefits are provided through a superannuation fund. Unlike some superannuation products, your policy is not an investment product.

The benefits provided to you under the Fund are outlined in your Annual Statement and the insurance terms are set out in your policy document.

It is important that you continue to pay your term life insurance premiums. If you do not pay the premiums, your policy will be cancelled and your insurance will cease. Importantly, you can only pay your premiums through superannuation as long as you are eligible to contribute to superannuation.

Superannuation surcharge

The Federal Government abolished the superannuation surcharge payable on an individual's surchargeable contributions and relevant termination payments made from 1 July 2005.

The following reflects how the surcharge applies to contributions received prior to 1 July 2005.

Superannuation and accumulation members

Where the Australian Taxation Office (ATO) has advised a superannuation surcharge is payable in respect of your benefit, the amount payable will be withdrawn from your account and paid to the ATO.

The ATO will send you a copy of the surcharge assessment so that you can check the figures they have used in calculating the surcharge are correct.

Pension and Term Allocated Pension members

Should a superannuation surcharge assessment be issued after the commencement of your account, the liability for payment of the superannuation surcharge rests with you and not the Fund, OnePath Life or the Trustee account.

Please consult your financial adviser for further information.

Defined Benefit members

Where the ATO advises a superannuation surcharge is payable in respect of your benefit, the amount payable will be withdrawn from the Defined Benefit Plan and paid to the ATO.

A Surcharge Account will be created on your behalf, that will be debited with any surcharge amounts advised by the ATO. This account will accrue with interest based on the fund's earning rate. When you withdraw from the Defined Benefit Plan, the amount in your Surcharge Account will be deducted from your final benefit payment.

The ATO will send you a copy of the surcharge assessment so that you can check that the figures they have used in calculating the surcharge are correct.

Term life policies

Where your term life policy is in force when the Trustee receives a surcharge assessment from the ATO, the surcharge is paid by OnePath Life.

Where your term life policy is no longer in force when the Trustee receives the surcharge assessment from the ATO, the surcharge is not paid by OnePath Life. We are required to advise the ATO, who will then forward the surcharge assessment to you directly for payment.

Non-term life policies

Where the ATO advises a superannuation surcharge is payable in respect of your benefit, the amount payable will be withdrawn from your account and paid to the ATO.

The ATO will send you a copy of the surcharge assessment so that you can check the figures they have used in calculating the surcharge are correct.

Please consult your financial adviser for further information.

Bringing your super together and SuperMatch

Having all your super accounts together in the one place makes sense. Not only could you save on fees and having to manage multiple sets of paperwork, you also reduce the chance of having 'lost' super.

The ATO is introducing a facility, known as SuperMatch, that will allow us, using your Tax File Number (TFN), to search for other super accounts you may have. Unless you tell us otherwise we will use your TFN to conduct a SuperMatch search.

Conducting this search will allow us to present you with a list of your super accounts, both with us and with other super funds, and you can decide if you wish to consolidate them.

Important

If you do not want us to use your TFN to undertake a SuperMatch search, please let us know by contacting us by one of the following means:

1. Calling Customer Services.
2. Sending us an email.
3. Writing to us.

If you have any questions or wish to review ANZ's Privacy Policy, please refer to anz.com or call Customer Services.

Other information for Defined Benefit plans

Employer contributions

The Trustee will contact you separately if your employer is not contributing to your plan at the rate recommended by the plan's actuary and the difference is material.

Reserves

If your employer has a reserve account, it will be invested in accordance with the investment strategy nominated by the employer.

Solvency

The Trustee adopts a rigorous process for the monitoring and oversight of all Defined Benefit plans. This includes the relevant solvency measures, actuarial certificates and notifiable events. Where a Defined Benefit plan is found to be in an unsatisfactory financial position, the actuary and Trustee agree to implement a funding program with the relevant employer(s) to return the plan to a satisfactory financial position within a determined period.

The Trustee will advise you should there be any material items arising from its review of the solvency of your plan.

Member protection

ANZ OneAnswer Personal Super, ANZ Personal Superannuation Bond, ANZ Savings Policies, ANZ Super Advantage, ANZ Smart Choice Super and ANZ Superannuation Savings Account members

The Member Protection legislation ceased to exist on 1 July 2013. However, the Trustee may, at its discretion, continue to protect member balances and has decided to do so until further notice in line with the Member Protection rules. Further information will be made available via the relevant Product Update at anz.com/personal/investing-super/resources

Member protection for ANZ Smart Choice Super will cease from 1 January 2014.

ANZ Super Advantage

Information for members transferring to ANZ Super Advantage Personal

When you leave your employer's plan and transfer to ANZ Super Advantage Personal, your fees and insurance arrangements will change such that:

- the Administration Fee may be different from the Administration Fee applicable within the employer plan and will be calculated in accordance with your individual account balance
- any Adviser Service Fee that may have previously applied will cease to apply
- where you have insurance cover, the insurance premiums charged for Death Only, Death and Total and Permanent Disablement and Group Salary Continuance Cover will change to be in accordance with the insurance premium rates applicable in ANZ Super Advantage Personal and will be effective from the date you leave the service of your employer
- where your employer previously met some or all of the applicable fees and costs, such as insurance premiums and certain management costs, these will now be incurred by you.

For the specific fees that will apply to you upon your transfer to ANZ Super Advantage Personal, please refer to the Member Benefits Schedule which will be provided to you at that time.

Eligible Rollover Fund (ERF)

ANZ Super Advantage members, ANZ OneAnswer Personal Super, ANZ Personal Superannuation Bond, ANZ Direct Super Investments, ANZ Smart Choice, ANZ Superannuation Savings Account and ANZ Savings Policies

An ERF is a low risk, low return investment fund which does not offer insurance cover. Your superannuation benefits may be transferred to an ERF, unless otherwise specifically determined by the Trustee and communicated to you, if your account balance is less than \$1,000 and:

- we have not received a contribution from you (or received on your behalf) for two consecutive years
- where one item of correspondence is returned to us as unclaimed mail from your last known address.

Before transferring your superannuation benefits to an ERF, the Trustee will attempt to communicate the proposed transfer to you and provide you with an option to nominate another fund.

All superannuation members

Once you are transferred to the ERF, you may contact the ERF to claim your benefits or nominate another fund.

The ERF chosen for the Fund is:

Australian Eligible Rollover Fund (AERF)
C/- Jacques Martin Administration & Consulting Pty Limited
Locked Bag 5429
Parramatta NSW 2124
Phone: 1800 677 424

The Trustee of the AERF is Perpetual Superannuation Limited (ABN 84 008 416 831). We will notify you of any significant changes relating to the ERF.

Following is a summary of some of the significant features of the AERF, current as at the date of the preparation of this Annual Report. For detailed information about the AERF, please contact the AERF directly.

If your benefits are transferred to the AERF:

- you will cease to be a member of the Fund and become a member of the AERF and be subject to its governing rules (including a different fee structure)
- member investment choice will not be available. Your benefits will be invested in a diversified portfolio with exposure to both growth assets (equities and property) and defensive assets (fixed interest and cash). There is no guarantee that investment returns will not be negative
- your benefits will be 'member protected'. Generally this means administration charges cannot exceed investment earnings on your account in a reporting period. Other costs, however, such as taxes, may be deducted. Your benefits will not be protected against negative returns
- the AERF is unable to accept any ongoing contributions from you or your employer. However, rollovers from other superannuation funds may be permitted
- the AERF does not offer insurance benefits. Any insurance cover you had as part of your membership in the Fund will cease at the time of the transfer.

Change of personal details

It is important that we always have your current details on record so that we can keep you informed about your superannuation investment and pay any benefits directly to you. Please refer to your Annual Statement and let us know if anything has changed or has not been reported accurately e.g. address details – both postal and residential, beneficiaries, salary (where reported), insurance benefits, tax file number etc.

To update your details, please contact Customer Services on 13 38 63.

Unclaimed money

Superannuation members

The Trustee is required to transfer your benefits to the ATO as unclaimed money if all of these circumstances apply:

- you are aged 65 or over
- the Trustee has not received a contribution or rollover for you for two years
- the Trustee is unable to contact you after five years since last contacting you.

Changes to Lost member reporting and payments

It is important to keep your contact details updated and keep your accounts active, so you do not become 'lost'.

Generally, a member is classified 'lost' if:

- no contribution or rollover has been received within the last 12 months and we cannot contact them, or
- no contribution or rollover has been received in the last five years.

Additionally, we are required to transfer lost member accounts to the ATO if:

- the account balance is less than \$2,000, or
- we have insufficient records to pay an amount to the member.

The Government has proposed to further increase the account balance threshold to \$4,000 from 31 December 2015 and \$6,000 from 31 December 2016.

Account holders who have had benefits transferred to the ATO will still be able to reclaim their money from the ATO at any time.

Temporary residents (holding a temporary visa under the Migration Act 1958 other than a retirement visa Subclass 405 or 410)

If you are a temporary resident, as defined above, you are only able to access preserved benefits on meeting one of the following conditions of release:

- eligibility for a Departing Australia Superannuation Payment (DASP)
- permanent incapacity*
- terminal medical condition†
- death.

If you are a temporary resident and you permanently depart Australia and no longer hold a visa, we are obliged to transfer your unclaimed super to the ATO after six months of your departure or cessation of your visa (as notified by the ATO).

Irrespective of whether you later return to Australia or remain overseas, you can apply to the ATO for release of your super. Transferred super benefits can be claimed via the ATO's website at ato.gov.au

On transfer of your super benefit to the ATO, you will cease to be a member of the Fund. In this case, we are not required to provide you with an Exit Statement or any other exit disclosure. If you become an Australian or New Zealand citizen or permanent resident, the obligation to transfer your super benefit to the ATO does not apply and you can continue to be a member of the Fund.

Note: This section does not apply to temporary residents, who satisfied a condition of release before 1 April 2009. For information on the rules for accessing super applying to these members, please speak to your financial adviser.

* 'Permanent incapacity' means the Trustee must be reasonably satisfied that you are unlikely, because of ill health (whether physical or mental) to engage in gainful employment for which you are reasonably qualified by education, training or experience.

† 'Terminal medical condition' means that the following circumstances exist:

- a. two registered medical practitioners have certified, jointly or separately, that the person suffers from an illness, or has incurred an injury, that is likely to result in the death of the person within a certification period that ends not more than 12 months after the date of the certification
- b. at least one of the registered medical practitioners is a specialist practicing in an area related to the illness or injury suffered by the person
- c. for each of the certificates, the certification period has not ended.
