SuperMatch

Having all your super accounts together in one place makes sense. Not only could you save on fees and having to manage multiple sets of paperwork, you also reduce the chance of having lost super.

SuperMatch is a service the Australian Taxation Office (ATO) provides to super funds which allows them to search various ATO databases, including the Lost Members Register, so that members may be 'matched' with their super benefits.

Get online: You can find and consolidate your super via ANZ Internet Banking and the ANZ App (via an Apple device). If you don't yet have access, call Customer Services on 1800 249 996 to set up your account. If you do not hold another ANZ account, please have two forms of identification available.

ATO corrected TFNs: If your TFN has been provided to us by the ATO, you must verify your TFN via ANZ Internet Banking prior to searching for your super. If you are unable to verify your TFN you will need to contact the ATO to correct your TFN before we can complete a SuperMatch search.

Important things to consider before you consolidate your super

Before you consolidate your super, you need to consider whether ANZ Smart Choice Super is right for you. We are not providing you with any advice to transfer your super to ANZ Smart Choice Super. Some things to consider before you transfer are whether there are any adverse consequences for you, including fees, other loss of benefits (e.g. insurance cover), increase in investment risks and where your future employer contributions will be paid. You can find this information on your annual statements or other documents from your existing super funds. If you need help, you should seek financial advice.
