1 ABOUT ANZ SMART CHOICE SUPER AND PENSION

ANZ Smart Choice Super and Pension is the easy way to make the most of your super. Take as much or as little control as you like with smart investments and insurance. And with online visibility, you'll never lose track of your super again.

ANZ Smart Choice Super and Pension consists of the following account types, designed to suit your stage in life:

- **ANZ Smart Choice Super** – for when you're working;
- **ANZ Smart Choice Pension** – a pension account for when you have retired or have met another condition of release, and want to draw an income from your super.

ANZ Smart Choice Super and Pension offers the choice of the Lifestage investment option, or you can choose your own investment mix from the multi-asset class or single-asset class options.

ANZ Smart Choice Super and Pension is part of the Fund. When you invest in ANZ Smart Choice Super and Pension, you become a member of the Fund. The Trustee of the Fund is OPC which is the issuer of this PDS. This product is distributed by Australia and New Zealand Banking Group Limited ABN 11 005 357 522.

OPC is a member of the Insignia Financial group of companies, comprising Insignia Financial Ltd (ABN 49 100 103 722) and its related bodies corporate (Insignia Financial Group). The ANZ brand is a trademark of ANZ and is used by OPC under licence from ANZ.

Neither the issuer, ANZ nor any of their related or associated companies, guarantee the repayment of capital, the performance of, or any rate of return of the investment options chosen in the Fund. Investments made into the investment options are subject to investment risks and other risks. This could involve delays in the repayment of principal and loss of income or principal invested.

Zurich provides insurance through ANZ Smart Choice Super. Zurich and OPC are not related bodies corporate.

2 HOW SUPER WORKS

Super is a tax-effective investment that allows you to save for your retirement over the long term.

Depending on your situation and employment arrangement, there are different ways to add (contribute) to your super.

Employer contributions: Generally, your employer must make contributions into your super account (known as compulsory super or Super Guarantee). In most cases, you can choose your own super fund and tell your employer where to direct contributions.

Voluntary contributions: You, your spouse, your employer or a third party may also make voluntary contributions to your super. Sometimes the Federal Government may contribute to your super account.

While there are limits on the amount you can contribute to super each year, the Federal Government provides a number of incentives (including tax concessions). This makes super an attractive long-term savings account for your retirement.

Accessing your super: Generally, when you reach age 65 or your preservation age and have retired, you can access your super savings as a lump sum or receive a regular income stream through a pension account. Depending on your circumstances, there may be other times when you can access your super.

BENEFITS OF INVESTING WITH ANZ SMART CHOICE SUPER AND PENSION

NEVER LOSE TRACK OF YOUR SUPER AGAIN

Watch your super grow. Stay in control of your super and watch it grow alongside your ANZ bank accounts through ANZ Internet Banking and the ANZ App[^] or via www.anz.com/smartchoiceaccess if you would prefer to access your super account directly. Check your balance and transactions, make additional contributions, change your investment mix – managing your super has never been so easy.

Super that moves with you. You'll probably have multiple jobs over your career, but you don't have to have multiple super accounts. Take your ANZ Smart Choice Super account with you when you change jobs and avoid paying multiple fees. If you're a new employee with an existing stapled super fund but you haven't chosen a fund to receive your super contributions, your employer may be required to make contributions for you into your stapled fund. Then when ready, you can move into retirement with an ANZ Smart Choice Pension account.

Find your super in a few clicks[†]. We can help find all your other super account(s) – including any you've lost along the way and, if you want to, we'll help bring them all together in just a few clicks.

[^] The ANZ App is provided by ANZ. Super, Shares and Insurance (if available) are not provided by ANZ but entities which are not banks. ANZ does not guarantee them. ANZ recommends that you read the ANZ App Terms and Conditions available at www.anz.com and consider if this service is appropriate to you prior to making a decision to acquire or use the ANZ App.

[†] Before consolidating your super accounts, there are important things you need to consider detailed on page 8 of the AIG.

WITH SMART INVESTMENTS AND INSURANCE, THE CHOICE IS YOURS

Smart investments – Designed to suit no matter where you are in life, the Lifestage investment option selects a mix of investments based on your decade of birth and adjusts them as you get older.

Or, you can take a more active role in your investment decisions by choosing from our range of carefully selected investment options designed to provide different levels of risk and potential returns.

Smart insurance – With ANZ Smart Choice Super, you have a range of insurance options to choose from:

- **Lifestage cover** – When you open an account or at a later stage, you can choose to add Death cover and **Total and Permanent Disability (TPD)** cover and provide your opt-in nomination*. Your Lifestage cover is based on your age, with cover increasing for when you're likely to have greater commitments and reducing when you have less commitments. This cover is subject to eligibility and **New Events Cover**.
- **Choose Your Own cover** – You can apply for your own level of Death, Death and TPD and/or Income Protection cover, which we call 'Choose Your Own' cover. You may also be able to transfer cover you have with another super fund as Choose Your Own cover. Any application for Choose Your Own cover is subject to eligibility and will be assessed by the **Insurer**.

What's more, because your Insurance fees are deducted from your super account, they are generally tax effective and have no impact on your take home pay.

For information on insurance in ANZ Smart Choice Pension, refer to page 13.

* If you wish to add new cover or modify your existing cover, call us on 13 12 87 from the day after your account is opened.

4

RISKS OF SUPER

All investments carry risk. Different investment strategies may carry different levels of risk, depending on the assets that make up the strategy. For instance, assets with the highest long-term returns may also carry the highest level of short-term risk.

You should consider the level of risk involved with a particular investment and whether the potential returns justify those risks before investing.

When considering the risk associated with your investment in super, it's important to keep in mind:

- The value of investments can rise and fall
- The returns you receive from your investment will vary, and future returns may be different to past returns
- Returns are not guaranteed and you may lose some of your money
- Your future super savings (including contributions and returns) may be insufficient to meet your retirement needs adequately
- Your investment may be affected by changes in legislation, particularly in relation to taxation and super.

Other risks associated with investing in ANZ Smart Choice Super and Pension will depend on the particular investment options you choose. These could include risks associated with:

- Investing internationally
- Currency risk
- Derivatives
- Securities
- Liquidity risk
- Counterparty risk
- Changes to investment options
- Interest rate risk.

All super and pension products are generally subject to some or all of the risks described above. The right balance of risk and potential investment return for you will depend on factors including your age, investment timeframe, risk tolerance and what other investments you may hold.

5

HOW WE INVEST YOUR MONEY

Leave your investment decisions to us, with a Lifestage investment option, or create your own investment mix. The choice is yours. If you do not make a choice, your money will be invested in the Lifestage investment option based on your decade of birth.

LIFESTAGE INVESTMENTS

Unlike many other super funds, we don't believe that one investment option suits everyone. While others offer 'balanced' investment options irrespective of your stage in life, ANZ Smart Choice Super and Pension prefers a much smarter approach.

When you're young, it could be years before you start even thinking about retirement. So why not use this time to your advantage? Early on, your Lifestage investment option, based on your decade of birth, invests mainly in growth assets such as shares. These are designed to provide potentially higher returns on average over a longer term, with plenty of time to ride out any dips in markets.

Being invested in a Lifestage investment option means we do the work for you, so you can relax, knowing your money is working for you.

As you approach retirement, we adjust the mix with a higher allocation to less volatile assets, like cash and fixed interest bonds. This is the time when you may have the most to lose, so it makes sense to protect it.

You can also hold a portion of your money in the ANZ Smart Choice Cash investment option.

Lifestage investment options

For ANZ Smart Choice Super:	• 1940s	• 1950s	• 1960s	• 1970s	• 1980s	• 1990s	• 2000s
------------------------------------	---------	---------	---------	---------	---------	---------	---------

For ANZ Smart Choice Pension:	• 1940s	• 1950s	• 1960s
--------------------------------------	---------	---------	---------

An outline of the Lifestage investments is shown in the next section. For more information relating to the investment option for the decade in which you were born, please refer to pages 19–22 of the AIG.

Investment description

The Lifestage investment options are designed for members who would like their allocation between growth and defensive asset classes adjusted to become more conservative over the longer term.

Asset allocation

The current asset allocation ranges will adjust over time and are based on the benchmark, which is the neutral allocation at the time of preparing this PDS. The Standard Risk Measure (SRM) is the risk level attached to each investment option and is also listed below.

Asset class	Range (%)*						
	1940s	1950s	1960s	1970s	1980s	1990s	2000s
Cash	0–28	0–23	0–22	0–22	0–21	0–21	0–21
Australian fixed interest [†]	2–32	0–26	0–25	0–25	0–22	0–22	0–22
Global fixed interest [†]	0–45	0–41	0–43	0–44	0–42	0–42	0–42
Listed real assets ^{**}	0–18	0–18	0–12	0–16	0–16	0–16	0–16
Australian shares	0–29	6–36	9–49	9–49	11–51	11–51	11–51
International shares [‡]	3–30	11–41	17–57	14–54	18–58	18–58	18–58
Alternative assets [~]	0–35	0–35	0–35	0–35	0–35	0–35	0–35
Minimum time horizon^{††}	1940s	1950s	1960s	1970s	1980s	1990s	2000s
	10 years	10 years	10 years	10 years	10 years	10 years	10 years
Standard Risk Measure	1940s	1950s	1960s	1970s	1980s	1990s	2000s
Risk profile	Medium to high	Medium to high	High	High	High	High	High

The risk profile for each Lifestage investment option reduces over time (except for the 1940s option). For more information on SRM, refer to page 18 of the AIG.

Investment return objective

The Lifestage investment options aim to generate retirement capital through returns (after fees, charges and taxes) that on average exceed inflation by at least the nominated percentage (below) and preserve capital. The emphasis changes from capital growth to capital preservation as you get older (except for the 1940s option).

Nominated percentage	1940s	1950s	1960s	1970s	1980s	1990s	2000s
	1.5%	2.0% [^]	3.0% [^]	3.5% [^]	4.0% [^]	4.0% [^]	4.0% [^]

Investment strategy

The Lifestage investment options provide exposure to a mix of growth, defensive and alternative asset classes. The allocation to these classes will automatically adjust, becoming more conservative over time. Additionally, an active asset allocation process is used to increase or decrease your exposure to relevant asset classes within permitted ranges. This process is designed to optimise your investment performance by adjusting allocations to markets/asset classes we believe will perform strongly or poorly in the future.

Commencement date

5 December 2011 (Except 2000s Super and 1960s Pension which commenced 18 February 2017).

* The ranges provide for the ability to adjust the allocations and will change over time as the Lifestage option becomes more conservative (except for the 1940s option).

† Fixed interest exposure may include exposure to government, corporate, inflation protected and/or other securities.

** Listed real assets will include allocations to global listed property and listed infrastructure securities.

‡ International shares may include exposure to emerging markets, low volatility and/or global small cap securities.

~ The Alternative assets portfolio may include investments such as alternative credit, hedge funds, infrastructure, private equity and real estate. These assets may require a longer period of time to liquidate (i.e. greater than 90 days).

†† This refers to the amount of time we expect it will take to meet the investment return objective as outlined above.

^ Please note that this percentage will vary over time as the investment option becomes more conservative.

CHOOSE YOUR OWN INVESTMENT MIX

Alternatively, you can take a more active role in your investment decisions. Choose from our range of carefully selected investment options designed to suit different levels of risk and potential returns. Refer to 'Choose Your Own investment mix' in the AIG for further information.

MANAGING YOUR INVESTMENTS

You can easily track, compare and change your investments at any time online via www.anz.com/smartchoiceaccess or by calling Customer Services on 13 12 87.

A more detailed description of each investment option is contained in the AIG on pages 19–27. Please make sure you read this before you make any investment decisions.

! IMPORTANT

When selecting your investment option(s), you should consider the likely investment return for the option, the level of risk associated with the option and whether or not the option matches your investment timeframe.

We regularly undertake a review of the investment options available through ANZ Smart Choice Super and Pension. We may change, add, close or terminate an investment option at any time.

Any material change will be communicated to you.

6 FEES AND COSTS

? DID YOU KNOW?

SMALL DIFFERENCES in both investment performance and fees and costs can have a **SUBSTANTIAL IMPACT** on your long-term returns.

For example:

Total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You or your employer, as applicable, may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC) Moneysmart** website (www.moneysmart.gov.au) has a superannuation calculator to help you check out different fee options.

We are required by law to include the prior wording, which mentions that members may be able to negotiate lower fees. The fees for this product are not subject to negotiation (except the Member Advice Fee, which you may negotiate with your financial adviser).

This section shows fees and other costs that you may be charged. These fees and other costs may be deducted from your money, from the returns on your investment or from the assets of the Fund as a whole.

Other fees, such as activity fees, member advice fees for personal advice and insurance fees, may also be charged, but these will depend on the nature of the activity, advice, or insurance chosen by you. Entry fees and exit fees cannot be charged.

Taxes, insurance fees and other costs relating to insurance are set out in the AIG.

You should read all the information about fees and other costs because it is important to understand their impact on your investment.

Where an income tax deduction is available under the applicable laws and is claimed by the Fund, in respect of fees such as Administration fee, Insurance fee or Member Advice Fee (where applicable), the benefit

of this tax deduction will be passed on to you in the form of a reduced fee or cost.

Unless expressly stated otherwise, the fees and costs disclosed in this PDS are shown inclusive of any applicable Goods and Services Tax (GST) less any entitlement to a Reduced Input Tax Credit (RITC) available to the Fund.

A related party of the Trustee may receive payments from ANZ of up to 0.28% p.a. (plus any applicable GST) of the amounts held in the ANZ Smart Choice Cash investment option invested with ANZ. These payments are not an additional charge to you.

The superannuation calculator referred to above can be used to calculate the effect of fees and costs on account balances.

The information in the Fees and costs summary can be used to compare costs between different superannuation products.

ANZ Smart Choice Super and Pension

Type of fee or cost	Amount	How and when paid
Member activity related fees and costs		
Buy-sell spread	<p>Lifestage investment options: 0.04% of each amount invested in (Buy spread) or withdrawn from (Sell spread) an investment option.</p> <p>Choose Your Own investment options: 0% to 0.07% of each amount invested in (Buy spread) or withdrawn from (Sell spread) an investment option, depending on the investment option.</p> <p>See the Buy-Sell Spread Guide for information on the 'Buy-sell' spread applicable to each investment option.</p>	A Buy-sell spread is reflected in the daily unit prices for an investment option and is not charged separately to you. As your account is valued using the sell unit price, each investment into an investment option will also be reduced by approximately this amount at the time of the transaction.
Switching fee[†]	Nil	Not applicable.
Other fees and costs³	<p>Member Advice Fee You may choose to pay a fee for personal advice as agreed individually between you and your financial adviser. Refer to the Fees Guide for further information.</p> <p>Insurance Fee Insurance fees for Lifestage or Choose Your Own cover will apply if you have insurance cover. Refer to the section 'Insurance in your super' in the ANZ Smart Choice Super and Pension AIG to determine the Insurance fees applicable to you.</p>	<p>Any Member Advice Fees payable to your financial adviser are deducted from your account and paid to your financial adviser's Australian Financial Services Licensee, once you agree to this fee.</p> <p>Insurance fees for Lifestage and Choose Your Own cover are calculated based on the number of days that cover applies and are generally deducted monthly in advance from your account.</p>

The fees set out in this table are not negotiable (except the Member Advice Fee which is negotiable with your financial adviser).

1 If your account balance for a product offered by the Superannuation Entity is less than \$6,000 at the end of the entity's income year, certain fees and costs charged to you in relation to administration and investment are capped at 3% of the account balance. Any amount charged in excess of that cap must be refunded.

2 Investment fees and costs includes an amount of 0% to 0.02% p.a. for performance fees. The calculation basis for this amount is set out under 'Additional explanation of fees and costs' in the Fees Guide.

3 Refer to the 'Additional explanation of fees and costs' section of the Fees Guide for details of other fees and costs which may apply (including Member Advice Fees), and the 'Insurance fees' section of the AIG.

^{^^} The investment fees for the Lifestage investment options are estimated for a complete financial year ending 30 June and may vary during the year.

* The monthly administration fee is waived if your account balance is less than or equal to your dollar-based monthly fee at the time of deduction. Your percentage-based administration

fee has a cap of \$125 per month (net of GST) per account.

** Your account balance is the total value of your investment options using the latest available unit prices.

† Although no Switching fee applies, a 'Buy-sell' spread may apply to switches between investment options.

‡ Performance fees are reflected as a reduction in the returns generated by the underlying investment option and, therefore, in the value of your investment in the applicable investment option. Each unit price of the underlying investment option reflects accrued performance fees. The performance fees for the Lifestage investment options are deducted within the daily unit prices. The estimated performance fees are 0.02% p.a. for the Lifestage investment options and may change at a later date.

Note: Past costs are not a reliable indicator of future costs.

EXAMPLE OF ANNUAL FEES AND COSTS FOR A SUPERANNUATION PRODUCT

The table below gives an example of how the ongoing annual fees and costs for the ANZ Smart Choice Super 1970s Lifestage investment option for this superannuation product can affect your superannuation investment over a 1-year period. You should use this table to compare this superannuation product with other superannuation products.

Example – ANZ Smart Choice Super 1970s Lifestage investment option		Balance of \$50,000
Administration fees and costs	\$60 p.a. PLUS 0.20% p.a. PLUS 0.01% p.a.*	For every \$50,000 you have in the superannuation product, you will be charged or have deducted from your investment \$105 in administration fees and costs, plus \$60 regardless of your balance**
PLUS Investment fees and costs	0.60% p.a. PLUS 0.02% p.a.^ PLUS 0.04% p.a.#	And , you will be charged or have deducted from your investment \$330 in investment fees and costs
PLUS Transaction costs	0.01% p.a.†	And , you will be charged or have deducted from your investment \$5 in transaction costs
EQUALS		
Cost of product		If your balance was \$50,000 at the beginning of the year, then for that year you will be charged fees and costs of \$500 for the superannuation product.

Note: Additional fees may apply.

* 0.01% p.a. is based on the actual amount of levies and expense recoveries deducted for the 12 months to 30 June 2023. The levies and expense recoveries are estimated to be up to 0.02% p.a. for the 12 months to 30 June 2024.

** The monthly administration fee is waived if your account balance is less than or equal to your dollar-based monthly fee at the time of deduction.

The fees and charges are current at the time of issuing this PDS. We may change fees and charges without your consent from time to time. We will provide you with at least 30 days advance notice of any fee increase. Costs can change at any time without notice to you.

MEMBER ADVICE FEE

Additional fees may be payable if you consult a financial adviser.

If you use the services of a financial adviser, you may agree to pay a fee to them for their services.

In most cases, you can choose to have this fee paid from your account as a Member Advice Fee where it is in relation to your interest in the Fund.

The Statement of Advice provided by your financial adviser will include details of any Member Advice Fee. This optional fee can be a

One-off Member Advice Fee and/or an Ongoing Member Advice Fee deducted monthly. You can agree to pay this fee when you open your account, or at any time later. See page 8 of the Fees Guide for more information.

DEFINED FEES

You can find definitions of fees referred to in this section in the Fees Guide available at www.anz.com/smartchoicesuper > Downloads – important documents.

INTEREST EARNED IN TRUST ACCOUNTS

Funds may be temporarily held in a trust account during the application and redemption process. We will retain any interest paid by our bank on these amounts to meet our cost of operating the account(s). These costs may include bank fees and administration costs.

OTHER CHARGES

The Trust Deed of the Fund permits the Trustee to be reimbursed from the Fund's assets for all the costs, charges, expenses, outgoings, government charges and levies reasonably and properly incurred by the Trustee in connection with the performance of its duties or the exercise of its rights, powers, administration or termination of the Fund.

TAX ON INVESTMENT EARNINGS

Investment earnings are generally taxed at up to 15% in your super account.

TAX ON WITHDRAWALS

Your account is generally made up of taxable and tax-free components. Any withdrawals from super must be made proportionately from these components and this impacts the tax payable. The following table is a guide to the tax that may apply.

Age	Type of withdrawal	Applicable tax
60 or over	Lump sum/income stream	Generally tax free
Less than 60	Lump sum/income stream	Tax may be payable on the taxable components
Any age	Terminal medical condition payment	No tax payable

7 HOW SUPER IS TAXED

The tax you pay on monies in your super account may be lower than the tax you would pay outside a superannuation fund. Many factors can influence how your super is taxed. The following table is a guide to the tax that may apply. The amount of tax payable depends on your age, personal circumstances and any future changes to tax and super law.

TAX ON CONTRIBUTIONS

Contribution type	Applicable tax
Concessional E.g. Super Guarantee, salary sacrifice, and personal contributions claimed as a tax deduction	15% if you earn \$250,000 or less 30% if you earn more than \$250,000
Non-concessional E.g. spouse contributions and personal contributions not claimed as a tax deduction	Not taxed in the Fund

CONTRIBUTIONS CAPS

Annual contribution caps apply to both concessional and non-concessional contributions. If you contribute more than **these caps in the relevant financial year, you may incur additional tax**. You should monitor the amount of contributions made to your super to ensure that you do not exceed the caps and incur additional tax.

Specific tax rules apply to lump sum and income stream payments on a member's death. Tax is not payable on lump sum payments made to a dependant. In other circumstances, tax may be payable based on the age of the member, the recipient and the relationship between the member and the recipient.

Specific tax rules also apply to benefits released under a release authority including the First Home Super Saver Scheme.

PROVIDING YOUR TAX FILE NUMBER (TFN)

We, the Administrator and any third party engaged by either us or one of our related parties to provide superannuation administration services relating to this product are authorised to collect your TFN under super laws. You are not obligated to provide your TFN and declining to quote your TFN is not an offence. To avoid having contributions rejected and having additional tax withheld from contributions and withdrawals, provide your TFN.

Tax law in relation to superannuation is complex and the above information has been prepared as a guide only and does not represent taxation advice. Please see your tax adviser for independent tax advice taking into account your individual circumstances.

FIND AND CONSOLIDATE YOUR SUPER

You must provide your explicit consent before we can complete a SuperMatch search. Your explicit consent is required as part of the application process.

You can access your SuperMatch results via www.anz.com/smartchoiceaccess or the ANZ App on your Apple device. If you provide consent, we use your TFN to search for your other super accounts using the ATO SuperMatch service when you log in to your super account. There's no additional charge for this service and you'll see your results in just a few seconds. Your consent will be valid for one year. You can opt out of the service online via www.anz.com/smartchoiceaccess or by calling 13 12 87.

Note: If the ATO's SuperMatch service is not available, we will not be able to search for your other super account(s).

8 INSURANCE IN YOUR SUPER

COVER THROUGH ANZ SMART CHOICE SUPER

When you open an account or at a later stage, you can choose to add Death only or Death and Total and Permanent Disability (TPD) insurance cover* and provide your opt-in nomination. This cover ranges from \$20,000 to \$300,000 and is based on your age, with cover increasing for when you're likely to have greater commitments and lowering when you're likely to have less commitments. We call this Lifestage cover and it is subject to eligibility and **Pre Existing Condition** Exclusion and **New Events Cover** as applicable.

Or, you can apply for your own level of Death or Death and TPD cover. You also have the option to apply for Income Protection cover. We call this cover Choose Your Own cover. Applications for Choose Your Own cover are assessed by the **Insurer** for approval.

Please note TPD cover can only be held in conjunction with Death cover.

See pages 31–61 of the AIG for more information about insurance cover. In the event of any inconsistency between this PDS (including the AIG) and the insurance policies, the terms of the insurance policies will prevail.

* If you wish to add or modify your existing cover, or add optional TPD cover, call us on 13 12 87 from the day after your account is opened.

COVER THROUGH ANZ SMART CHOICE PENSION

Subject to eligibility, when you open a pension account or at a later stage, you can choose to add Lifestage Death cover and provide your opt-in nomination. The level of cover you receive is based on your age.

Or, you can apply for Choose Your Own Death cover once your pension account is open.

TPD and Income Protection covers are not available in pension accounts.

COVER CEASES AFTER INACTIVITY

Death, TPD and Income Protection cover will cease if we have not received a contribution or rollover into your account for a period of 16 consecutive months and you have not notified us that you want the cover to continue, unless an Australian Defence Force exception applies.

We will write to you during this period of inactivity about your options to keep your cover. You will also be able to request in writing that the Trustee reinstates your cover, within 60 days of the insurance cover ceasing. Your insurance cover will be reinstated with New Events Cover, backdated to cessation and any insurance fees since then, will be collected.

ELIGIBILITY FOR LIFESTAGE COVER

To be eligible for Lifestage cover on the **Cover Commencement Date**, you must:

- be aged 15 or over;
- under 70 for Death cover;
- under 67 for TPD cover;
- have opted in for Lifestage cover;
- be an **Australian Resident** or **Visa** holder;
- be residing in Australia;
- be a member of ANZ Smart Choice Super and Pension; and
- be not entitled to claim or in the process of claiming, have never claimed, be not entitled to be paid and have never been paid, a **Terminal Illness Benefit** under any policy issued by the **Insurer** or any other insurer.

For an eligible person who has opted in Lifestage cover, will only commence on the day your first contribution is received and you meet all eligibility requirements. If Insurance fees have not been paid in full by the **third premium due date** for the period from the day cover commenced to the **third premium due date**, cover will be cancelled from inception.

MULTIPLE ACCOUNTS

You cannot have insurance cover in multiple ANZ Smart Choice Super accounts or multiple ANZ Smart Choice Pension accounts. You can however have Lifestage cover in both an ANZ Smart Choice Super and an ANZ Smart Choice Pension account at the same time. For further information about multiple accounts, refer to the 'Multiple Accounts' section in the AIG.

CHOOSE YOUR OWN COVER

You can apply for Choose Your Own Death or Death and TPD cover and/or apply for Income Protection cover, via www.anz.com/smartchoiceaccess or by calling Customer Services on 13 12 87. This cover will only commence upon receipt of written confirmation from the **Insurer**.

The maximum cover levels you can apply for are:

- Death cover: unlimited (maximum **Terminal Illness Benefit** is \$3 million)
- TPD cover: \$5 million[^]
- Income Protection: \$30,000 per month. Proof of income will be required at the time of claim.

[^] The TPD cover amount cannot be greater than the Death cover amount for Choose Your Own cover.

Refer to pages 36–44 of the AIG for more information on Choose Your Own cover. To find out how much insurance cover you may need, check our Insurance needs calculator, available at www.anz.com/smartchoicesuper

INSURANCE FEES

The costs associated with insurance cover are called Insurance fees (insurance premiums).

These fees are calculated based on the number of days that cover applies and deducted from your account by the Trustee generally at the beginning of each month and are inclusive of any taxes or government charges applicable to the insurance cover. Insurance fees will end when your cover ceases.

The Insurance fees you pay will depend on a number of factors including but not limited to age, gender, occupation, smoker status and the amount of cover.

If you have opted in to add insurance to your account, the fees for Lifestage Death cover could be as little as \$21.60* or up to \$2,065.00** p.a.

* For a female, non-smoker, aged 16 years (next birthday) with Death cover of \$80,000.

** For a male, smoker, aged 75 years (next birthday) with Death cover of \$35,000.

Unless you cancel your insurance cover or that cover otherwise ceases, monthly Insurance fees will continue to be deducted from your account.

For information on Insurance fees applicable to you, refer to the 'Insurance in your super' section in the AIG.

DUTY TO TAKE REASONABLE CARE

When applying for insurance, you have a legal duty to take reasonable care not to make a misrepresentation to the Insurer.

A misrepresentation is a false answer, an answer that is only partially true, or an answer which does not fairly reflect the truth. This duty also applies when extending or making changes to existing insurance, and reinstating insurance.

Please refer to page 50–51 of the AIG for full details of your duty to take reasonable care.

IMPORTANT

The section 'Insurance in your super' in the AIG includes important information about insurance cover including defined terms, eligibility for, and cancellation of, Lifestage cover, Choose Your Own cover and conditions and exclusions that may apply and that may affect your entitlement to insurance cover and the cost of cover. You should read this information before deciding whether the insurance is appropriate.

HOW TO OPEN AN ACCOUNT

You can open a new account:

- Online at www.anz.com/smartchoicesuper*
- Online at www.anz.com/yourpension
- Online through ANZ Internet Banking*
- Online through the ANZ App* on your Apple device.

By applying for an ANZ Smart Choice Super and Pension account you agree that confirmation of transactions, instructions and other correspondence will be provided electronically unless you elect to receive your correspondence by mail.

The Trustee reserves the right to reject applications without giving a reason.

* ANZ Smart Choice Super accounts only.

ANZ Smart Choice Super

There is no minimum amount required to open your new ANZ Smart Choice Super account. When we open your account we will send you information that will help you:

- Direct your employer where to pay your super
- Understand your insurance
- Make the most of your account.

ANZ Smart Choice Pension

There is no minimum amount required to open an ANZ Smart Choice Pension account. You can open your account using any combination of:

- The balance of your ANZ Smart Choice Super account
- The balance of any other super fund(s)
- Personal lump sum contributions (if eligible).

Changing your mind

If you change your mind, you may cancel your initial application within 14 days (cooling-off period) of the earlier of:

- The date you receive a confirmation from us; or
- The end of the fifth day after we first issue you with units in your investment option(s).

If you cancel your investment within this cooling-off period, you may have it rolled over to another super fund or, if eligible, have it paid to you. Your investment amount will be adjusted for any changes in the unit price of the investment option(s) selected.

Your right to cancel your initial application and be repaid during the cooling-off period does not apply if you exercise any of your rights as a member of the Fund (such as changing your investment options). If you wish to cancel your initial application, you can contact Customer Services on 13 12 87.

Take control of your super in three easy steps

STEP 1

Go online today

There are two ways that you can see your super online:

- **via our online portal**, by registering for access at www.anz.com/smartchoiceaccess; or
- **next to your ANZ bank account** via ANZ Internet Banking and/or the ANZ App. To set this up:
 - Log in to ANZ Internet Banking using your ANZ issued Customer Registration Number (CRN).
 - Go to settings > link/delink a personal account and enter your 'member number' (you'll find this in your welcome pack, annual statement or by calling 13 12 87). Your super account will generally be visible in two business days.

STEP 2

We will help you consolidate **your other funds** – so you don't pay multiple sets of fees.

STEP 3

Manage and monitor your super.

Once you login to your ANZ Smart Choice Super account via www.anz.com/anzsmartchoiceaccess, you can:

- check your personal details and make sure your email address and telephone numbers are up to date,
- change your investment option(s),
- monitor performance,
- adjust your insurance,
- manage your beneficiary nomination,
- keep track of your contributions, and much more.

Note: The ANZ App provides view-only access.
