1. ABOUT ANZ SMART CHOICE SUPER AND PENSION

ANZ Smart Choice Super and Pension is the easy and low cost way to make the most of your super. Take as much or as little control as you like with smart investments and insurance. And with online visibility, you’ll never lose track of your super again.

ANZ Smart Choice Super and Pension consists of the following account types, designed to suit your stage in life:

• ANZ Smart Choice Super – for when you’re working;
• ANZ Smart Choice Pension – a pension account for when you have retired or have met another condition of release, and want to draw an income from your super.

ANZ Smart Choice Super and Pension offers the choice of the Lifestage investment option, or you can choose your own investment mix from the multi-asset class or single-asset class options.

ANZ Smart Choice Super and Pension is part of the Fund. When you invest in ANZ Smart Choice Super and Pension, you become a member of the Fund. The Trustee of the Fund is OnePath Custodians which is the issuer of this PDS.

The issuer is a wholly owned subsidiary of Australia and New Zealand Banking Group Limited ABN 11 005 357 522 (ANZ). ANZ is an authorised deposit taking institution (Bank) under the Banking Act 1959 (Cth). Although the issuer of this product is owned by ANZ, it is not a Bank. Except as described in this PDS, an investment in ANZ Smart Choice Super and Pension is not a deposit or other liability of ANZ or its related group companies, and none of them stands behind or guarantees the issuer or the capital or performance of your investment. Investments made into the investment options are subject to investment risks and other risks. This could involve delays in the repayment of principal and loss of income or principal invested.

OnePath Life Limited (OnePath Life) ABN 33 009 657 176, AFSL 238341 provides insurance through ANZ Smart Choice Super and Pension. As at the date of this PDS, OnePath Life is a wholly owned subsidiary of ANZ. It is proposed that OnePath Life will shortly become a company within the Zurich Insurance Group. This change will be announced on our website at anz.com/super-update (Change of Ownership Date). From the Change of Ownership Date, OnePath Custodians will no longer be a related body corporate of OnePath Life. While OnePath Life is working towards the Change of Ownership Date occurring shortly, if at any time, the progress of its planned activities is delayed, we will update our website. Refer to anz.com/super-update for updated information.

You can find the following information online:

• The product dashboard for each investment option (will be made available from the date required by legislation) at anz.com/yoursuper
• The Trustee and executive remuneration disclosure for the Fund and any other transparency information which must be disclosed in accordance with superannuation law, at onepath.com.au/rse

2. HOW SUPER WORKS

Super is a tax-effective long-term savings and investment arrangement that enables you to save money for your retirement and is, in part, compulsory.

There are different ways that you, your spouse and your employer can contribute to your super. While you are working, your employer is, in most cases, required to make contributions into your super account (known as compulsory super or Super Guarantee).

Generally, you have the right to choose the super fund to which these contributions are made.

You, your spouse, your employer or a third party may also be eligible to make voluntary contributions. Sometimes the Federal Government may make contributions to your super account.

The Federal Government also provides incentives (including tax concessions) for you to contribute towards your super. However, there are limitations on the amount you can contribute to super.

There are also restrictions around when you can access your super. Generally, when you reach age 65 or your preservation age and have retired,
you can access your super savings as a lump sum or receive a regular income stream through a pension account.

A pension account allows you to draw a regular income from your super savings while taking advantage of tax concessions for income streams. Of course, there may be other circumstances when you can access your super.

you should read the important information about ‘How super works’ before making a decision. Go to the AIG by visiting anz.com/yoursuper > Downloads – important documents or by contacting Customer Services on 13 12 87. The material relating to ‘How super works’ may change between the time you read this Statement and the day when you acquire the product.

3. BENEFITS OF INVESTING WITH ANZ SMART CHOICE SUPER AND PENSION

NEVER LOSE TRACK OF YOUR SUPER AGAIN

- **Online anytime.** Keep your super close with ANZ Internet Banking and the ANZ App. Check your balance and transactions, make additional contributions, change your investment mix – managing your super has never been so easy.

- **One fund for life.** You can take your ANZ Smart Choice Super account from job to job and avoid paying multiple fees. Then when ready, you can move into retirement with an ANZ Smart Choice Pension account.

- **Bring all your money into the one fund.** We’ll help track down and bring together all your super accounts using the Australian Taxation Office (ATO) SuperMatch service – including any you’ve lost along the way.

* Temporary service disruptions may occur.

† Before consolidating your super accounts, there are important things you need to consider detailed on page 10 of the AIG.

LOW FEES, NO HIDDEN CHARGES AND NO COMMISSIONS

Save money with low fees. ANZ Smart Choice Super and Pension's fees are low and simple to understand with no commissions payable to financial planners (also referred to as financial advisers). Rest easy knowing you now have more of your money working for you.

# Based on research conducted by SuperRatings Pty Ltd, holder of Australian Financial Services Licence No. 311880 at the request of ANZ. For a copy of the SuperRatings research and the latest information, call 13 12 87 or go to anz.com/superfeesgraph

WITH SMART INVESTMENTS AND INSURANCE, THE CHOICE IS YOURS

- **Smart investments** – designed to suit no matter where you are in life, the Lifestage investment option selects a mix of investments based on your decade of birth and adjusts them as you get older.

  Alternatively, you can take a more active role in your investment decisions by choosing from our range of carefully selected, low cost options – designed to provide different levels of risk and potential returns.

- **Smart insurance** – Enjoy peace of mind knowing that, should the unexpected happen, you can continue to look after the ones you love. With ANZ Smart Choice Super, you have a range of insurance options from which to choose:

  - **Lifestage cover** – when you open a super account, you receive automatic Death cover and have the option to add Total and Permanent Disability (TPD) cover. Your Lifestage cover is based on your age, with cover increasing for when you’re likely to have greater commitments and lowering when you have less commitments. This cover is subject...
to eligibility and excludes pre-existing medical conditions.

**Choose Your Own cover** – subject to eligibility, you can apply for your own level of Death and TPD cover and/or apply for Income Protection cover. Any applications for ‘Choose Your Own’ cover will be assessed by the Insurer for approval. You may also be able to transfer cover you have with another super fund as Choose Your Own cover (subject to the Insurer’s approval).

What’s more, because all your insurance fees are deducted from your super account, they are generally tax effective and have no impact on your take home pay.

For information on insurance in pension, refer to page 13.

* If you wish to modify your cover, including removing your automatic Death cover or adding optional TPD cover, you can do so via ANZ Internet Banking or by calling 13 12 87 from the day after your account is opened.

**4. RISKS OF SUPER**

All investments carry risk. Different investment strategies may carry different levels of risk, depending on the assets that make up the strategy. For instance, assets with the highest long-term returns may also carry the highest level of short-term risk.

You should consider the level of risk involved with a particular investment and whether the potential returns justify those risks before investing.

When considering the risk associated with your investment in super, it is important to keep in mind:

- The value of investments can rise and fall
- The returns you receive from your investment will vary, and future returns may be different to past returns
- Returns are not guaranteed and you may lose some of your money
- Your future super savings (including contributions and returns) may be insufficient to meet your retirement needs adequately
- Your investment may be affected by changes in legislation, particularly in relation to taxation and super.

Other risks associated with investing in ANZ Smart Choice Super and Pension will depend on the particular investment options you choose. These could include risks associated with:

- Investing internationally
- Currency risk
- Derivatives
- Securities
- Liquidity risk
- Counterparty risk
- Changes to investment options.

All super and pension products are generally subject to some or all of the risks described above. The right balance of risk and potential investment return for you will depend on factors including your age, investment timeframe, risk tolerance and what other investments you may hold.

5. HOW WE INVEST YOUR MONEY

When you join ANZ Smart Choice Super and Pension you are automatically invested in the Lifestage investment option based on your decade of birth. You can choose to leave your super investment within the Lifestage investment option, or you can select your own investment mix from the Choose Your Own investment options. The choice is yours.

LIFESTAGE INVESTMENTS

Being invested in a Lifestage investment option means we do the work for you, so you can relax knowing your money is working for you.

When you're young, it could be years before you start even thinking about retirement. So why not use this time to your advantage? Early on, your Lifestage investment option, based on your decade of birth, invests mainly in growth assets such as shares. These are designed to provide potential higher returns, with plenty of time to ride out any dips in markets.

As you approach retirement, we adjust the mix with a higher allocation to less volatile assets, like cash and fixed interest bonds. This is the time when you may have the most to lose, so it makes sense to protect it.

You can also hold a portion of your money in the ANZ Smart Choice Cash investment option.

### Lifestage investment options

**For ANZ Smart Choice Super:**
- • 1940s • 1950s • 1960s • 1970s • 1980s • 1990s • 2000s

**For ANZ Smart Choice Pension:**
- • 1940s • 1950s • 1960s

An outline of the Lifestage investments, including the ANZ Smart Choice 1960s option which is a balanced investment option, is shown below. For more information relating to the investment option for the decade in which you were born, please refer to pages 21–24 of the AIG.

### Investment description

The Lifestage investment options are designed for members who would like their allocation between growth and defensive asset classes adjusted to become more conservative over the longer term.

### Asset allocation

The current asset allocation ranges will adjust over time and are based on the benchmark, which is the neutral allocation at the time of preparing this PDS. The Standard Risk Measure (SRM) is the risk level attached to each investment option and is also listed below.

**Investment return objective**

The Lifestage investment options aim to generate retirement capital through returns (after fees, charges and taxes) that on average exceed inflation by at least the nominated percentage (below) and preserve capital. The emphasis changes from capital growth to capital preservation as you get older (except for the 1940s option).

**Investment strategy**

The Lifestage investment options provide exposure to a mix of growth and defensive asset classes. The allocation to these classes will become more conservative over the long term. However, in the short term the allocation to growth assets may increase at times and additionally, an active asset allocation process is used to increase or decrease your exposure to relevant asset classes within permitted ranges. This process is designed to optimise your investment performance by adjusting allocations to markets/asset classes we believe will perform strongly or poorly in the future.

**Commencement date**

5 December 2011 (Except 2000s Super and 1960s Pension which commenced 18 February 2017).

* The ranges provide for the ability to adjust the allocations and will change over time as the Lifestage option becomes more conservative (except for the 1940s option).
† Fixed interest exposure may include exposure to government, corporate, inflation protected and/or other securities.
** Listed real assets will include allocations to global listed property and listed infrastructure securities.
‡ International shares may include exposure to emerging markets, low volatility and/or global small cap securities.
†† This refers to the amount of time we expect it will take to meet the investment return objective as outlined above.
^ Please note that this percentage will vary over time as the investment option becomes more conservative.

**CHOOSE YOUR OWN INVESTMENT MIX**

Alternatively, you can take a more active role in your investment decisions. Choose from our range of carefully selected, low cost investment options below – designed to suit different levels of risk and potential returns.

**MANAGING YOUR INVESTMENTS**

You can easily track, compare and change your investments at any time with ANZ Internet Banking or by calling Customer Services.

A more detailed description of each investment option is contained in the AIG on pages 21–29. Please make sure you read this before you make any investment decisions.

**IMPORTANT**

When selecting your investment option(s) you should consider the likely investment return for the option, the level of risk associated with the option and whether or not the option matches your investment timeframe.

We regularly undertake a review of the investment options available through ANZ Smart Choice Super and Pension. We may change, add, close
or terminate an investment option at any time. Any material change will be communicated to you.

FIND OUT MORE

You should read the important information about ‘How we invest your money’ before making a decision. Go to the AIG by visiting anz.com/yoursuper > Downloads – important documents or by contacting Customer Services on 13 12 87. The material relating to ‘How we invest your money’ may change between the time you read this Statement and the day when you acquire the product.

6. FEES AND COSTS

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from $100,000 to $80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You or your employer, as applicable, may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (moneysmart.gov.au) has a superannuation fee calculator to help you check out different fee options.

We are required by law to include the above wording, which mentions that members may be able to negotiate lower fees and costs. The fees for this product are not subject to negotiation (except the Member Advice Fee, which you may negotiate with your financial planner).

This section shows fees and other costs that you may be charged. These fees and other costs may be deducted from your money, from the returns on your investment or from the assets of the Fund as a whole.

Other fees, such as Activity fees, Advice fees for personal advice and Insurance fees, may also be charged, but these will depend on the nature of the activity, advice, or insurance, or the amount or type of insurance you hold.

Taxes, insurance fees and other costs relating to insurance are set out in the AIG.

You should read all the information about fees and other costs because it is important to understand their impact on your investment.

Where an income tax deduction is available under the applicable laws and is claimed by the Fund, in respect of fees such as Administration fee, Insurance fee or Member Advice Fee (where applicable), the benefit of this tax deduction will be passed on to you in the form of a reduced fee or cost.

Unless expressly stated otherwise, the fees and costs disclosed in this PDS are shown inclusive of any applicable Goods and Services Tax (GST) less any entitlement to a reduced input tax credit (RITC) available to the Fund.

A related party of the Trustee may receive payments of up to 0.45% p.a. (plus GST where applicable) from ANZ on cash held with ANZ. These payments are not an additional charge to you and do not affect the performance of those cash investments held with ANZ.

The superannuation fee calculator referred to above can be used to calculate the effect of fees and costs on account balances.

You should use the following table to compare this superannuation product with other superannuation products.

Note: The indirect cost amounts set out above are based on the indirect costs determined for the 12 months ending 30 June in the previous complete financial year. Some components of these costs have been estimated.

The fees set out in this table are not negotiable (except the Member Advice Fee which is generally negotiable with your financial planner).

* The Administration fee is waived if your account has a zero balance.
† Although no Switching fee applies, a buy-sell’ spread may apply to switches between investment options.
# Refer to the ‘Additional explanation of fees and costs’ section of the Fees Guide for details of other fees and costs which may apply (including Member Advice Fees), and to the ‘Insurance fees’ section of the AIG.

Note: Past fees and costs are not a reliable indicator of future fees and costs.

### EXAMPLE OF ANNUAL FEES AND COSTS

The table below gives an example of how the fees and costs for the ANZ Smart Choice 1960s Lifestage investment option for this superannuation product can affect your superannuation investment over a 1-year period. You should use this table to compare this superannuation product with other superannuation products.

<table>
<thead>
<tr>
<th>EXAMPLE – ANZ Smart Choice 1960s Lifestage investment option</th>

</tr>
<tr>
<td>EQUALS Cost of product</td>
<td>$332 If your balance was $50,000, then for that year you will be charged fees of $332 for the superannuation product.**</td>
</tr>
</tbody>
</table>

Note: the Example above is illustrative only.

* 0.043% p.a. is based on the actual amount of levies and expense recoveries deducted for the 12 months to 30 June 2018. The levies and expense recoveries are estimated to be up to 0.08% p.a. for the 12 months to 30 June 2019.
** Additional fees may apply. There is currently no contribution fee or exit fee. The Administration fee is waived if your account balance has a zero balance. And, if you leave the Fund, you may be charged a buy-sell spread which applies whenever you make a contribution, exit, rollover or investment switch. The buy spread for the ANZ Smart Choice 1960s Lifestage investment option is currently 0.03%, the sell spread is also 0.03%. On $50,000, the total buy-sell spread cost of 0.06% is equal to $30. The buy-sell spread for each investment option is set out on page 10 of the Fees Guide.
CHANGES TO FEES AND COSTS
The fees and costs are current at the time of issuing this PDS. We may change fees and costs without your consent from time to time. We will provide you with at least 30 days advance notice of any fee increase.

MEMBER ADVICE FEE
Additional fees may be payable if you consult a financial planner (adviser).

If you use the services of a financial planner, you may agree to pay a fee to them for their services. In most cases you can choose to have this fee paid from your account as a Member Advice Fee where it is in relation to your interest in the Fund.

The Statement of Advice provided by your financial planner will include details of any Member Advice Fee. This optional fee can be a One-off Member Advice Fee and/or an Ongoing Member Advice Fee deducted monthly. You can agree to pay this fee when you open your account, or at any time later. See page 6 of the Fees Guide for more information.

DEFINED FEES
You can find definitions of fees referred to in this section in the Fees Guide available at anz.com/yoursuper > Downloads – important documents.

BUY-SELL SPREADS
The buy-sell spread is used to allocate buy and sell transaction costs to a member who is transacting rather than to members in a particular investment option who are not transacting. As the proceeds from a buy-sell spread are retained as part of the assets of an investment option, no part of it is paid to us or to an underlying fund manager.

A buy-sell spread up to a maximum of 0.05% may apply each time an amount is invested in or withdrawn from an investment option. These spreads are incorporated in the buy and sell unit prices. The buy-sell spread for each investment option is set out on page 10 of the Fees Guide.

For example, for every $1,000 that you invest in the ANZ Smart Choice 1960s Lifestage investment option, the buy spread you incur is currently 0.03% or $0.30. This amount is reflected in the ‘buy’ unit price at the time of your transaction.

At all times your account balance is valued at the ‘sell’ unit price which incorporates the sell spread. In the same example, the value of the investment of $1,000 will also take into account the sell spread of 0.03% or $0.30. This means that the total buy-sell spread cost for the example $1,000 investment will be 0.06% or $0.60.

INTEREST EARNED IN TRUST ACCOUNTS
Funds may be temporarily held in a trust account during the application and redemption process. We will retain any interest paid by our bank on these amounts to meet our cost of operating the account(s). These costs may include bank fees and administration costs.

OTHER CHARGES
The Trust Deed of the Fund permits the Trustee to be reimbursed from the Fund assets for all the costs, charges, expenses, outgoings, government charges and levies reasonably and properly incurred by the Trustee in connection with the performance of its duties or the exercise of its rights, powers, administration or termination of the Fund.

7. HOW SUPER IS TAXED

The tax you pay on monies invested in a superannuation fund may be lower than the tax you would pay outside a superannuation fund; however, many factors can influence the way your super is taxed.

Tax may apply to your super on contributions, on investment earnings and on withdrawals. The amount of tax payable will depend on your age and individual circumstances.

Tax on concessional contributions and investment earnings is paid by the Fund to the ATO on a quarterly or monthly basis, with an annual payment made if required.

TAX ON CONTRIBUTIONS

Concessional contributions, which include employer (e.g. Super Guarantee and salary sacrifice contributions) and personal contributions claimed as a tax deduction, are generally taxed at 15% in the Fund. An additional 15% tax may apply to some higher income earners. Non-concessional contributions, which include spouse and personal contributions not claimed as a tax deduction, are generally not subject to tax in the Fund.

You should be aware that annual caps apply to both concessional and non-concessional contributions and if you exceed these caps in the relevant financial year there may be taxation consequences. You should monitor the amount of contributions made to your super to ensure that you do not exceed the caps that apply to you.

TAX ON INVESTMENT EARNINGS

Investment earnings are generally taxed at a rate of up to 15% in your super account; however, the effective rate may be reduced by franking credits, foreign tax offsets and concessional taxed capital gains available to the Fund.

Investment earnings are not taxed within an ANZ Smart Choice Pension account.

TAX ON WITHDRAWALS

Your account generally consists of taxable and tax-free components. Any withdrawals from super must be made proportionately from these components.

If you are aged 60 and over, a lump sum or income stream payment is generally tax-free.

If you are aged less than 60, tax may be payable on the taxable component of lump sums and income stream payments.

Tax is not payable on the tax-free component, or lump sum payments if paid as a terminal medical condition payment, regardless of age.

Specific tax rules apply to lump sum and income stream payments on a member’s death. Tax is not payable on lump sum payments made to a death benefits dependant. In other circumstances, tax may be payable based on the age of the member, the recipient and the relationship between the member and the recipient.

Specific tax rules also apply to benefits released under a release authority including the First Home Super Saver Scheme.

PROVIDING YOUR TAX FILE NUMBER (TFN)

You are not obligated to provide your TFN and declining to quote your TFN is not an offence. However, you should provide your TFN when you join the Fund.

If you do not provide your TFN we will not be able to accept member contributions, you may be liable to pay additional tax on concessional contributions, you may be liable to pay additional tax on withdrawal payments, you could miss out on any government contributions (if eligible), and it may be difficult to locate or consolidate your super benefits in the future.

Where you have provided your TFN, we will use it to search for your lost and other super using the ATO SuperMatch service unless you advise us otherwise.

IMPORTANT

If you do not want us to use your TFN to undertake ongoing SuperMatch searches please let us know by contacting us using one of the following methods:

1. Calling Customer Services on 13 12 87
2. Sending us an email to anzsmartchoice@anz.com
3. Writing to us at ANZ Smart Choice Super
   GPO Box 5107, Sydney NSW 2001

Tax law in relation to superannuation is complex and the above information has been prepared as a guide only and does not represent taxation advice. Please see your tax adviser for independent tax advice taking into account your individual circumstances.

8. INSURANCE IN YOUR SUPER

COVER THROUGH ANZ SMART CHOICE SUPER

When you open an account you receive automatic* Death cover (including terminal illness) and optional Total and Permanent Disability (TPD) cover.** This cover ranges from $40,000 to $300,000 and is based on your age, with cover increasing for when you’re likely to have greater commitments and lowering when you’re likely to have less commitments. We call this Lifestage cover.

Alternatively, you can apply for your own level of Death or Death and TPD cover. You also have the option to apply for Income Protection cover. We call this cover Choose Your Own cover. Applications for Choose Your Own cover are assessed by the Insurer for approval.

Please note TPD cover can only be held in conjunction with Death cover.

See pages 33–57 of the AIG for more information about insurance cover. In the event of any inconsistency between this PDS (including the AIG) and the insurance policies, the terms of the insurance policies will prevail.

* Subject to eligibility.

** If you wish to modify your cover, including removing your automatic Death cover or adding optional TPD cover, you can do so via ANZ Internet Banking or by calling 13 12 87 from the day after your account is opened.

COVER THROUGH ANZ SMART CHOICE PENSION

Subject to eligibility, when you open a pension account you will receive automatic Lifestage Death cover (unless you opt out). The level of cover you receive is based on your age.

Alternatively, you can apply for Choose Your Own Death cover once your pension account is open.

TPD and Income Protection cover is not available in pension accounts.

ELIGIBILITY FOR LIFESTAGE COVER

To be eligible for Lifestage Death cover on the cover commencement date you must be:

- aged 15 or over, and under 65
- an Australian Resident or Visa holder
- residing in Australia
- a member of ANZ Smart Choice Super and Pension; and
- not entitled to claim, nor in the process of claiming, have never claimed, are not entitled to be paid and have never been paid, a Terminal Illness Benefit under any policy issued by the Insurer or any other insurer.

Lifestage cover will only commence on the day your first contribution is received, and you meet all eligibility requirements. If Insurance fees have not been paid in full by the third premium due date for the period from the day cover commenced to the third premium due date, cover will be cancelled from inception.

Please note Lifestage Death and Death and TPD cover is subject to a Pre-Existing Condition exclusion.

MULTIPLE ACCOUNTS

You cannot have insurance cover in multiple ANZ Smart Choice Super accounts or multiple ANZ Smart Choice Pension accounts. You can however have Lifestage cover in both an ANZ Smart Choice Super and an ANZ Smart Choice Pension account at the same time. Refer to the AIG on page 51 for further information about multiple accounts.

CHOOSE YOUR OWN COVER

If you wish to apply for Choose Your Own Death or Death and TPD and/or apply for Income Protection cover you can do so via ANZ Internet Banking or by calling Customer Services on 13 12 87. This cover will only commence upon receipt of written confirmation from the Insurer.
The maximum cover levels you can apply for are:

- **Death cover**: unlimited (maximum **Terminal Illness Benefit** is $2.5 million)
- **TPD cover**: $3 million
- **Income Protection**: $30,000 per month. Proof of income will be required at the time of claim.

^ TPD cover cannot be greater than the Death cover amount.

Refer to pages 38–50 of the AIG for more information on Choose Your Own cover.

### INSURANCE FEES

The costs associated with insurance cover are called Insurance fees (insurance premiums). These fees are calculated based on the number of days that cover applies and deducted from your account by the Trustee generally at the beginning of each month and are inclusive of any taxes or government charges applicable to the insurance cover. Insurance fees will end when your cover ceases.

The Insurance fees you pay will depend on a number of factors including but not limited to age, gender, occupation, smoker status and the amount of cover.

When you open your account, the level of automatic Lifestage Death cover you receive will depend on your age and will be between $40,000 and $300,000. The fees for automatic Death cover could be as little as $35.20 p.a.* or up to $1,192.00 p.a.**

* For a female, non-smoker, aged 16 years (next birthday) with Death cover of $80,000.
** For a male, smoker, aged 58 years (next birthday) with Death cover of $100,000.

Unless you cancel your automatic Lifestage Death cover or that cover otherwise ceases, monthly Insurance fees will continue to be deducted from your account.

For information on Insurance fees applicable to you, refer to the ‘Insurance in your super’ section on pages 33–57 in the AIG.

### DUTY OF DISCLOSURE

When applying for insurance you are required to disclose every matter that you know, or could reasonably be expected to know, that is relevant to the Insurer’s decision whether to accept the risk of insurance and, if so, on what terms. Please refer to page 51 of the AIG for full details of your duty of disclosure.

### IMPORTANT

The section ‘Insurance in your super’ in the AIG includes important information about insurance cover including defined terms, eligibility for, and cancellation of, Lifestage cover, Choose Your Own cover and conditions and exclusions that may apply and that may affect your entitlement to insurance cover and the cost of cover. You should read this information before deciding whether the insurance is appropriate.

### FIND OUT MORE

You should read the important information about ‘Insurance in your super’ before making a decision. Go to the AIG by visiting anz.com/yoursuper > Downloads – important documents or by contacting Customer Services on 13 12 87. ### 9. HOW TO OPEN AN ACCOUNT

You can open a new account:

- Online at anz.com/yoursuper
- Online at anz.com/yourpension
- Online through ANZ Internet Banking*
- Calling Customer Services on 13 12 87.

By applying for an ANZ Smart Choice Super and Pension account, you agree that confirmation of transactions, instructions and other correspondence may be provided electronically or in writing at the discretion of the Trustee.

The Trustee reserves the right to reject applications without giving a reason.

* ANZ Smart Choice Super accounts only.

### ANZ Smart Choice Super

There is no minimum amount required to open your new ANZ Smart Choice Super account. When we open your account we will send you welcome information that will assist you with:

- Directing your employer where to pay your super
- Understanding your insurance
- Making the most of your account.
**ANZ Smart Choice Pension**

There is no minimum amount required to open your new ANZ Smart Choice Pension account. When we open your account we will send you welcome information. You can open your account using any combination of:

- The balance of your ANZ Smart Choice Super account
- Any other super fund(s)
- A personal lump sum contribution (if eligible).

**Cooling-off period**

If you are not satisfied with the investment you have made, you may cancel your initial application within 14 days of the earlier of:

- The date you receive a confirmation from us; or
- The end of the fifth day after we first issue you with units in your investment option(s).

If you cancel your investment within this cooling-off period, you may have it rolled over to another super fund or, if eligible, have it paid to you. Your investment amount will be adjusted for any changes in the unit price of the investment option(s) selected.

Your right to cancel your initial application and be repaid during the cooling-off period does not apply if you exercise any of your rights as a member of the Fund (such as changing your investment options). If you wish to cancel your initial application, you can contact Customer Services.

If you are not satisfied with the response to your complaint or feedback, your concerns will be escalated to our Complaints Resolution Centre.

**FURTHER HELP – THE AUSTRALIAN FINANCIAL COMPLAINTS AUTHORITY (AFCA)**

If your concerns have not been resolved to your satisfaction, you can lodge a complaint with AFCA who provides fair and independent financial services complaint resolution that is free to consumers.

Time limits may apply to complain to AFCA and so you should act promptly or otherwise consult the AFCA website to find out if or when the time limit relevant to your circumstances expires.

**FIND OUT MORE**

You should read the important information about how ANZ and its alliance partners handle your personal information (including health and other sensitive information) before making a decision. Go to the section 'Privacy' in the AIG by visiting anz.com/yoursuper > Downloads – important documents.

**ENQUIRIES AND COMPLAINTS**

We value your feedback regarding our performance and we’re committed to resolving any concerns you may have.

Our customer service team is your first point of contact for any enquiries, raising concerns or providing feedback. Our contact details are below.

We will do our best to resolve your concerns genuinely, promptly, fairly and consistently, and keep you informed of the progress.
### Step 1

Access your account through ANZ Internet Banking (via anz.com), or through the ANZ App.
- If you are already registered for ANZ Internet Banking you can see your super with your other ANZ accounts as soon as your account is opened.
- If you are not yet registered for ANZ Internet Banking call 13 12 87 and receive your Customer Registration Number and telecode. Using these details you will then need to complete your registration via anz.com.

### Step 2

We will inform you if we find any other super accounts for you and assist you with rounding these up – so you don’t pay multiple sets of fees.

### Step 3

Manage and monitor your super.

When you are in ANZ Internet Banking, check your personal details and make sure your email address and telephone numbers are included and up to date. Then look at your account details – you can change your investment option(s), monitor performance, adjust your insurance, manage your beneficiary nomination, keep track of your contributions and much more.

Note: The ANZ App provides view-only access.
